How to Attach the Straps

Thank you very much for purchasing Make sure you read this manual to avoid any injury and damage to the product. Please keep this manual at hand so that you can refer to it at any time.

CAUTION

Follow the instructions in this manual and handle with care when attaching or detaching the straps. Otherwise, you may injure your hands or fingers.

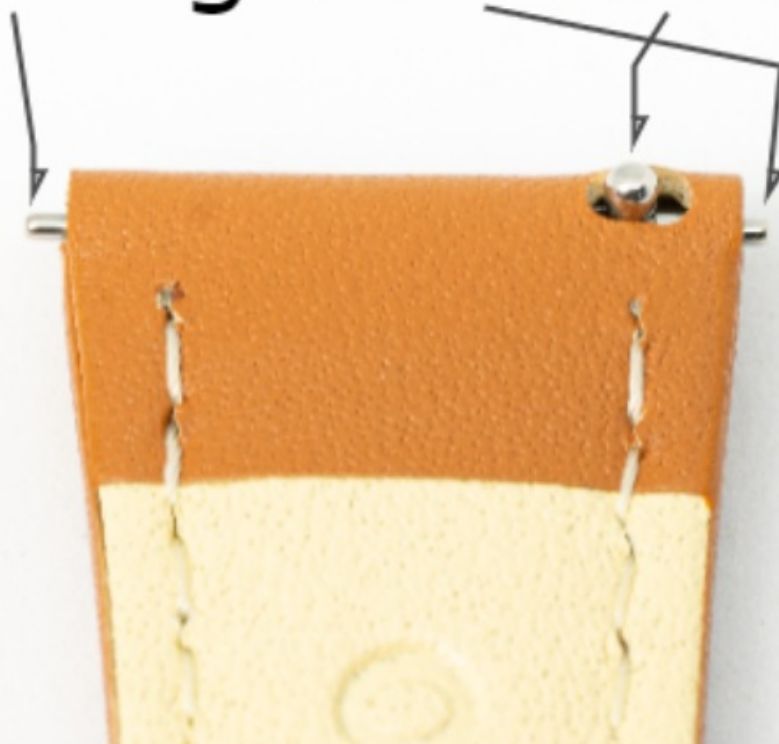

STEP① Check which straps to attach to the 12 o'clock and 6 o'clock sides of the watch body.

12 o'clock side

6 o'clock side

Spring bar Slider

STEO2 Turn the watch body over and insert the spring bar into the hole in the left lug.

STEP ③ Slide the slider to the left and align the right end of the spring bar with the hole. If there is a click and the slider returns, the spring bar is correctly inserted.

STEP ④ If there is a click and the slider returns, the spring bar is correctly inserted. Repeat steps ② and ③ to attach the other strap

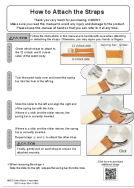

Finally, gently pull on each strap to ensure it is attached securely.

< When removing the straps >

Slide the slider to the left, release the spring bar from the hole.
