**ORION MOTOR TECH V20230306 Cargo Net**

## Specifications

- **Material:** 600D Polyester, A3 Zinc-Plated Steel, PVC
- **Net Area:** N/A
- **Weight Capacity:** 1100 lb (500 kg)
- **Net Weight:** 10.6 lb (4.8 kg)

## Product Usage Instructions

- **Maintenance**

Regularly inspect the cargo net for any signs of wear or damage. Clean the net as needed with mild soap and water. Ensure all straps, carabiners, and hooks are in good working condition.

- **Package List**

Ensure all components listed in the package list are included before installation.

## Installation

1. Open your truck or trailer gate and locate the cargo anchor points.
2. Load the truck or trailer with your cargo, ensuring it is arranged to not exceed the net's rated capacity.
3. Stretch the cargo net out fully on the ground before placing it over your load.
4. Place the cargo net over your load within the truck or trailer.
5. Connect carabiners on the end of the straps to the rings on the net's corners and sides. Attach hooks on the straps' bottoms to the truck's cargo anchor points. Secure using buckles.
6. Attach the 4 separate carabiners to the loops on the side of the net and the truck's anchor points. Ensure they are securely fastened.
7. If necessary, use the provided bungee cord for extra security. Secure it to the anchor points using its hooks.

## FAQ

### 1. Q: Can I exceed the weight capacity of the cargo net?

A: No, it is essential to ensure that the force exerted against the netting never exceeds its rated capacity of 1100 lb (500 kg).

### 2. Q: How do I clean the cargo net?

A: Clean the cargo net as needed with mild soap and water. Regularly inspect for signs of wear or damage.

## Cargo Net Instructions

## Safety Information

### Warning!

NEVER allow the force exerted against the netting to exceed the 1100 pound (500 kilogram) capacity.

## Package List

- Safety Straps with Carabiners × 6
- Carabiners × 4
- Bungee Cords × 1
- Carrying Bag × 1

## Specifications

Material	600D Polyester, A3 Zinc-Plated Steel, PVC			
Net Area	6×4.8	ft.	183×145	cm
Weight Capacity	1100	lb.	500	kg
Net Weight	10.6	lb.	4.8	kg

## Maintenance

- Check the condition of this product before and after each use. Repair or replace any worn or damaged components before further use.
- Store this product in a cool, dry place away from direct sunlight and inaccessible to children.

## Installation

1. Open your truck or trailer gate and locate the cargo anchor points. Load the truck or trailer with your cargo.

Arrange the cargo so the force exerted against the netting will never exceed its rated capacity. Keep the tiedown locations accessible.

2. Stretch the cargo net out to its fullest extent on the ground before placing it over your load.
3. Place the cargo net over your load within your truck or trailer.
4. Connect the carabiners on the end of the straps to the rings on the corners and sides of the net. Connect the hooks on the bottom of the straps to the truck's cargo anchor points. Use the buckles to securely fasten the straps.
5. Attach the 4 separate carabiners to the loops on the side of the net and the truck's anchor points. Make sure they are securely fastened.
6. If needed, use the provided bungee cord for extra security. Secure it to the anchor points using the hooks on its ends.
