OSKULL CBS01 Compact Bluetooth Speaker

Product Information

Specifications:

- **Model:** Compact
- **FCC Compliance:** Part 15 Rules
- **RF Exposure:** General RF exposure requirement met
- **Usage:** Portable with no restrictions

Product Usage Instructions

FCC Statement:

This device complies with Part 15 of the FCC Rules. To ensure proper operation, follow these guidelines:

1. This device should not cause harmful interference.
2. The device must accept any interference received, including undesired operation.

Warning:

Any changes or modifications not approved by the responsible party may void the user's authority to operate the equipment.

Follow these steps to optimize performance:

1. Reorient or relocate the receiving antenna.
2. Increase separation between the equipment and receiver.
3. Connect the device to a different circuit than the receiver's.

4. Consult a dealer or experienced technician for assistance.

RF Warning Statement:

The device is evaluated for general RF exposure requirements. It can be used in portable conditions without restrictions.

Pairing Troubleshooting

Pairing Failed

1. Turn the speaker off and then back on.

   The speaker will automatically enter pairing mode and wait for a connection. If the above solution does not work, follow the instructions below to reset the pairing history.

2. Remove the speaker from your paired list.

   When the speaker is turned on and not connected to any device, press the multi-function button three times in succession to clear the pairing record, and then wait for the speaker to connect to the mobile device.

Can't Pair with Mobile Device

After the speaker is turned on, it will automatically pair with the last connected device. If it is not paired, you need to connect manually.

NOTE: If disconnected or pairing time exceeds 3 minutes, the speaker will automatically power off.

Product Specifications

- Model: OSKULLCBS01
- FCCID: ID:2BMB4-OSKULLCBS01
- Bluetooth Version: V5.4
- Waterproof Level: IP67
- Rated Voltage / Current: 5V / 1A
- Rated Power: 300mW
- Frequency Response: 20Hz – 20kHz
- Battery : 3.7V / 560 mAh
- Supported Profiles :

  A2DP1.4 / AVCTV1.4 / AVDTP1.3 / AVRCP1.6.2

  HFP 1.8 / SPP 1.2 / RFCOMM1.2 / PNP1.3/ HID1.1.1

  SDP CORE5.4 / 12CAP CORE5.4
- Audio Codec: AAC / SBC
- Driver Unit Impedance / Power: 20 / 2W
- Mic Sensitivity : -42dB # 1dB
- Transmission Distance: 10 meters
- Working Time: 14 hours (@80% Volume)
- Standby Time: About 400 days
- Charging Time: About 2 hours
- Product Weight: 62g

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FAQ

Q: Can I make modifications to the device?

A: No, any changes or modifications not approved may void your authority to operate the equipment.

Q: Is there a restriction on where I can use the device?

A: The device can be used in portable conditions without restrictions on exposure.
