Price: \$60.99

Introduction

As a modern and flexible light source, the OUTON 3000LM LED Torchiere Floor Lamp is made to brighten up any room with its sleek, simple design. With 3000 lumens of light, this floor lamp is great for large rooms like living rooms, bedrooms, or offices. It only uses 30 watts of power because it uses energy-efficient LED technology. This helps lower your electricity bills while still giving you great lighting. The lamp can be dimmed, so the brightness can be changed from soft to bright to meet any task or mood. The lamp also has a remote control that makes it easy to use and a long life of up to 50,000 hours, so it can be used for a long time. Because it is well-made and has a movable head, it is a great lighting choice for any room because it is stylish, useful, and uses little energy.

Features

- **3000 Lumens Brightness:** The OUTON 3000LM LED Torchiere Floor Lamp gives off an incredibly bright 3000 lumens, making it perfect for big rooms, living rooms, offices, or any other place that needs bright, even lighting. This lamp gives off a lot of light, so it's great for both general lighting and specific tasks.

- **Energy-Efficient LED Technology:** This floor lamp uses only 30 watts of power, which is a lot less than standard incandescent lighting. You save money on power bills and get a lot of light.
- **Adjustable and changeable:** This lamp has a dimmable feature that lets you change the level of light to suit your needs, whether you want soft lighting for reading or brighter lighting for working. It's also possible to tilt the lamp head so that the light shines where you need it most.
- **Long Lifespan:** The OUTON LED Torchiere Floor Lamp has a very long 50,000-hour life span, so you won't have to worry about replacing the bulbs very often. The lamp will be a steady source of light for many years thanks to its long life.
- **Remote Control:** The lamp is easy to use with the remote control that comes with it. From your couch, bed, or desk, you can turn it on or off, change the brightness, and change the color temperature. For easy access, the magnetic remote control can also be stuck to a metal surface.

- **Modern Design:** The floor lamp has a clean, simple design that looks great in modern rooms. It saves space because of its thin profile, and its style goes with a lot of different room types, from modern to mid-century.
- **Sturdy Construction:** This lamp is made to last because it is made of strong metal and ABS. The weighted base makes the lamp more stable and less likely to fall over, which is helpful in homes with pets or kids.
- **Eye-Caring Light:** The LED technology makes sure that the light doesn't flicker and gives off a soft, even glow without any sharp glare. It's great for reading, learning, or just relaxing because it doesn't strain your eyes.
- **Many Lighting Options:** The lamp has four color temperature settings: warm, warm white, cool white, and bright white. This range gives you complete control over the mood of the room, whether you want to make it more cozy or brighten up a workspace.
- **Memory Function and Timer:** The memory function remembers the last light level and color temperature you set, so you don't have to change them every time you turn the TV on. Additionally, the lamp has a one-hour setting that turns off the light automatically, which saves energy.

- **Stepless Dimming:** The stepless dimming feature lets you precisely change the light strength, making it easy to set the perfect mood for any activity, from reading to relaxing to a get-together in the evening.
- **Weighted Base for Stability:** The lamp stays put thanks to its 5.5-pound weighted base, which makes it safe and stable. The base's weight keeps it from falling over, even in homes with pets or kids who are always moving around.
- **Easy To Put Together:** The lamp is made to be put together without any tools. To put it together quickly, just twist the pieces together as it says on the package.
- The design of this floor lamp makes it multifunctional. It can be used as both a torchiere and a reading lamp. Its top head can be turned from 0 degrees to 90 degrees, which makes it very useful for many jobs. This lamp can give you light from above or shine light on a specific area for reading.

- **Slim and stylish:** This floor lamp's slim, stylish design makes it easy to fit into tight spaces. You can put it almost anywhere in your living room, office, bedroom, or hallway without it taking up too much room.

Usage

- **Living Room:** Place the lamp in the corner of your living room to create a cozy, ambient lighting atmosphere.
- **Bedroom:** Provides soft light that is perfect for reading or relaxing before bed.
- **Office:** Its bright light can be used as task lighting to illuminate your desk area or other workspaces.
- **Reading Light:** Adjust the lamp's head to focus light directly onto your reading material for optimal illumination.

Care and Maintenance

- **Cleaning:** Regularly dust the lamp with a soft, dry cloth to keep it free from dust and dirt. Avoid using harsh chemicals or abrasive cleaning materials.
- **Light Bulb:** Since the lamp uses LED technology, there is no need to replace bulbs. However, if you notice dimming or flickering, check the power connection and ensure it is plugged in correctly.
- **Remote Control:** Keep the remote control in a safe place, free from moisture or extreme temperatures. Replace the batteries when the remote is no longer responsive.
- **Lamp Base:** Periodically check the base of the lamp for any signs of wear or looseness. Tighten if necessary to

maintain stability.

Troubleshooting

The Lamp Won’t Turn On :

- Ensure the power cord is properly connected to both the lamp and the power outlet.
- Check if the lamp’s power switch is in the “on” position.
- Test a different power outlet to rule out any issues with the socket.

Lamp Flickers or Dims :

- Ensure the lamp is properly connected to the power supply.
- Check if the remote control batteries are low and replace them if necessary.
- Adjust the dimmer settings using the remote or touch controls.

The Remote Control Isn’t Working :

- Replace the batteries in the remote control.
- Make sure the remote is within the effective range of the lamp’s receiver.
- Ensure there are no obstructions between the remote and the lamp.

Lamp Produces Unusual Sounds :

- If the lamp is making unusual noises, ensure that the lamp’s base is securely assembled and that no parts are loose.
- If the noise persists, unplug the lamp and contact customer support for further assistance.

Lamp Doesn’t Adjust Brightness :

- Check if the dimmer function on the remote or the touch control is activated correctly.
- Ensure that the lamp is connected to a compatible power source.
