PRODUCT INFORMATION

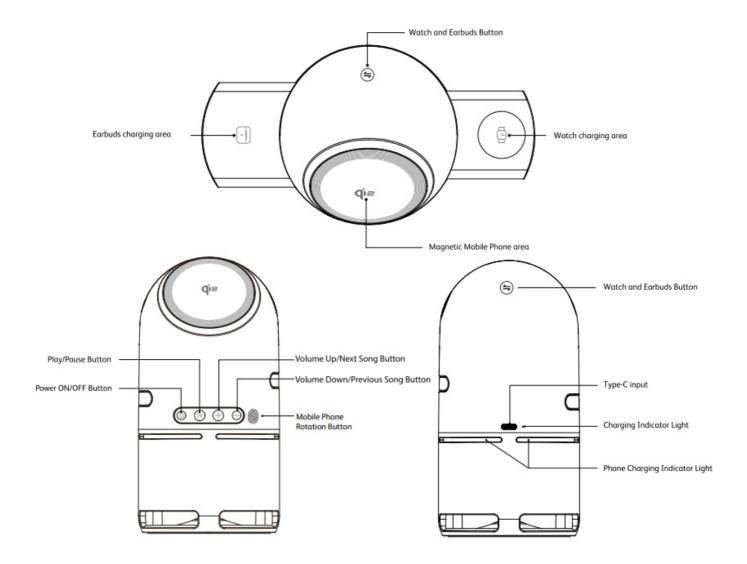

Thank you for choosing OXAA producs!

This product is a Motorized 5-in-1 Wireless Charging Stand with Speaker having smart charging capabilities and supports the Qi wireless charging standard. It has a unique retractable design for charging watches and earbuds as well as a wireless speaker. Its magnetic phone holder design rotates to landscape or portrait mode at the press of a button.

It is compatible with Apple devices: watches, smartphones, and earbuds, making it ideal for home and office use.

If you have any questions or feedback, feel free to contact our customer service at:

Email: info@oxaa.com

TROUBLESHOOTING

1. Phone not charging?

- **A.** The phone may not be properly aligned with the charging area, or the receiving coil might not be installed correctly.
- **B.** Battery mode is only available for wireless speaker. If you need to charge a device, please connect to the power adapter.

2. Phone heats up while charging?

It's normal for the receiving coil or transmitting board to heat up during wireless charging.

3. Phone charging intermittently?

- **A.** If the adapter's charging current is insufficient or the voltage is unstable, please use a PD fast charging adapter.
- **B.** The charging position may be misaligned, causing weak electromagnetic induction. Adjust the charging position for better results.

4. Main unit indicator light is on, but the phone isn't charging?

The issue may be with the phone's receiving coil. It's recommended to update or repair the receiving coil (if built-in).

CAUTION

- 1. Avoid pulling the power cord forcefully to prevent damage or disconnection.
- 2. Do not disassemble, expose to fire, or submerge in water to prevent short circuits and leakage.
- 3. Keep the product away from extreme heat, humidity, or corrosive environments to avoid circuit damage and leakage.
- 4. Keep out of reach of children to prevent accidents.
- 5. When using fast charging, ensure you use a certified PD power adapter and fast charging cable to avoid instability.
- 6. Do not place metal objects or magnetic cards on the charging pad, as they may cause damage or malfunction.
- 7. If the receiving coil or transmitting board becomes overheated and stops charging, remove the device, let it cool, and try charging again.

WARRANTY TERMS & CONDITIONS

1. Warranty Coverage

OXAA Corp. ("OXAA") warrants its products against defects in materials and workmanship under normal use for a period of one (1) year from the original date of purchase.

This warranty applies only to products purchased in the United States and Canada and is subject to the terms and conditions outlined below.

2. Remedies

If a product is found to be defective within the warranty period, OXAA, at its sole discretion, will:

Replace the product with a new or refurbished product of equivalent value.

Offer an alternative resolution subject to availability and feasibility.

Refurbished products refer to those that have been restored to original manufacturer specifications.

3. Warranty Claim Process

To obtain warranty service, customers must:

- 1. Contact OXAA Customer Support at info@oxaa.com to initiate a claim.
- 2. Provide proof of purchase (original receipt, invoice, or bank statement showing purchase date).
- 3. Follow return instructions provided by OXAA.

4. Ship the product in its original packaging (or equivalent protective packaging) with prepaid freight to the designated return location.

If the claim is deemed valid, OXAA may reimburse shipping costs for eligible claims at its discretion.

4. Warranty Limitations & Exclusions

This Limited Warranty covers only defects in materials and workmanship. It does not cover:

- Normal wear and tear, cosmetic damage, or accidental damage.
- Damage caused by misuse, abuse, neglect, improper installation, or modifications.
- Products that have been serviced, repaired, or altered by unauthorized personnel.
- Damage caused by the use of third-party accessories or components.
- Loss of data or any software installed on the product.
- Products where the serial number has been altered, removed, or tampered with.
- Commercial use of consumer-grade products (unless specifically stated otherwise).

5. Warranty Duration for Replacements

Any replacement product provided under this warranty will be covered for the remainder of the original warranty period or ninety (90) days from the date of replacement, whichever is longer.

6. Limitation of Liability

To the maximum extent permitted by law, OXAA Corp. shall not be liable for any:

- Indirect, special, incidental, consequential, or punitive damages arising out of or related to this Limited Warranty.
- OXAA's total liability is limited to the purchase price of the product.

7. Compliance with Consumer Protection Laws

This Limited Warranty is subject to applicable consumer protection laws in the United States and Canada. Some jurisdictions may not allow limitations on implied warranties or exclusions of certain damages, meaning these limitations may not apply to all customers,

DECLARATION OF CONFORMITY

We, OXAA Corp., located at 6-3545 Odyssey Dr., Mississauga, ON L5M 2S4, Canada, Tel: +1 905-366-6991, declare under our sole responsibility that this product complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1. this device may not cause harmful interference, and.
- 2. this device must accept any interference received, including interference that may cause undesired operation.

Federal Communications Commission Interference Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Radiation Exposure Statement (WPT):

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled

environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. To maintain compliance with FCC RF exposure compliance requirements, please follow operation instructions as documented in this manual. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body.

IMPORTANT NOTE:

ISED Statement:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- 1. This device may not cause interference.
- 2. This device must accept any interference, including interference that may cause undesired operation of the device.

RF exposure statement (WPT):

The equipment complies with ISED Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with a minimum distance of 10cm between the radiator and your body.

ISED Radio Frequency Exposure Statement (Bluetooth):

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

1 Indoor use only.

This symbol indicates that this product shall not be treated as household waste. Instead, it shall be handed over to the applicable collection point for the recycling of electrical and electronic equipment.
