POWERMAX
EASY INSTALLATION INSTRUCTIONS

**NO TOOLS
NEEDED**

STEP 1

Remove your existing shower head. To remove, turn the existing shower head in a counterclockwise direction.

STEP 2

Remove any remnants of old plumber's tape and flush out shower pipe for 5 to 10 seconds.

STEP 3

Wrap plumber's tape clockwise 3 or 4 turns around threaded end of shower arm.

STEP 4

In a clockwise direction, screw your new shower head onto the taped portion of the shower arm. Hand tighten only.

EASY TWIST SPRAY SELECTION

Enjoying multiple spray patterns during your shower has never been easier. With the PowerMax's easy twist design, simply rotate the easy spray selector for a quick spray change.

**WHAT'S INCLUDED**

- + Fixed Shower Head
- + Plumber's Tape
