Product Specifications

Product Name	Smart Pet Feeder
Suit For	Cat,Dog,Rabbit,Squirrel,Small Pets
Rated Voltage	5v 1A
Product Power	sw
Power Supply	DC sV Adapter & 4*AA Battery
Material	Echo- Friendly ABS
Product Size	208"148*277mm 8.2*5.8*10.9in
Product Weight	1kg 2.2lb
Product Capacity	3.sL
Pet Food	Dry Food
Portion Size	-20g/Portion (differed due to the different pet food density)

Packing List

USB Cable×1   Safety Lock×1

Feeding Bowl×1   Desiccant×1

Stainless Steel
Feeding Plate×1   Plug   User Manual×1

Pet feeder×1

## Product Hardware Assembly Steps

1. installation of grain bin.

2. There are two ways to connect the power supply, you can choose to use the power adapter to connect the power supply, or you can choose to use *4* AA batteries as the power supply. (It is recommended to have two power supplies at the same time. When there is a power failure at home, AA batteries can be used as a backup power supply to prevent the feeder from stopping working.
AA Battery Powered

External Power Supply

3. Pour the grain.

10

5

0   5   10   15
Note:
1. Do Not use canned, wet or moist pet food.
2. Recommend kibble size ranging from
   5-15mm / 0.19-0.6in in diameter.

4. Install the Safety Lock.

Safety Lock

Description of Buttons and Indicators

Note:

- short press [+] to manually dispense food.
- The product is only suitable for 2.4GHz network (5GHz network can not be connected).
- Battery power is only for emergency use in case of power failure, please ensure dual power supply for normal use.
- Make sure the feeder and home WIFI are connected, the distance between the two should not be too far apart. (Recommended within 5 meters).

In good working order-Led Indicator Notice:

Product Status	Light Color
Low Battery (Battery Powered Only)	Flashing Red
WiFi Disconnected	Green Light
WiFi Connection in Progress	Blue Light Flashes Quickly
WiFi Connected Status	Solid Blue Light

App Download and Use Steps

Software Download and Installation

1. Scan the QR code to download the Smart Life APP.
2. Tum on Smart Life APP and register your application account.
3. Login your account.

Smart Life

Play(Android),0r App Store(iOS).
Download and install the app by searching "Smart Life" on Google.

Connect the Device

Connect the Device (turn on bluetooth)

1. Turn on the phone WiFi and Bluetooth.
2. Login to Smart Life app and refresh the page.
3. Select the device you want to add.
4. Enter the 2.4GHz WiFi network and password (the device does not support 5GHz network) .
5. Wait for the device to be connected, click "Next"
6. Finally, click the "Finish" button in the upper right comer to enter the feeding page.

Set A Reasonable Feeding Time

Feeding Settings: You can continuously set a daily feeding schedule for your pet.

Note:
The function consumes a ot when battery powered, and the working time only lasts 20-24 hours, 5o it is more energy-saving to use dual power supply.
Troubleshooting Tips

1. Please connect the external power supply before downloading the program.

2. Support 2.4GHz signal, not 5GHz signal.

3. The distance between feeder and home WiFi should not be too far, make sure both can be connected.

Product Disassembly & Cleaning

Note: The stainless steel bowl and desiccant box can be removed for cleaning and the grain bin can be wiped down with a damp paper towel.

Q&A Trouble Shooting

Q: Why I can not connect to the WIFI?

Please check if power supply has been connected, Then make sure you select the 2.4G instead of 5G WIFL. Then connect it again.

Q: Why feed on the APP but no food dispensing from the feeder?

A:If the APP shows the feeding has been succeeded, but no food dispensing from the feeder. Firstly suggest to check if the food tank got enough food .Secondly if the impellors have been rotated normally.(You can Judge from the sound).Thirdly suggest to feed again for few more times to avoid the signal delay cause for the troubles. (Internet delay).

Q: Why I can not log-in my Smart life account?

A: Firstly, please check if the feeder has been connected to the WiFi properly. Secondly, please check if the account has been occupied by others. Suggest to unload and Re-install the APP.

Q: Is it possible to set up a feeder schedule when the feeder is on battery power?

A: In the case of battery only, the feeder is not connected to the network, at this time the feeder can only execute the previously set feeding schedule, can not set a new feeding schedule through the phone, or remote feeding, 50 it is recommended to use dual power supply. (Battery power supply is only applicable to prevent power failure).
