FAQs

- **What is the adjustable height range of this cat tree?**

The PawHut D30-296V02 and D30-296V82 models adjust from approximately 90 inches to 102 inches, fitting most ceilings.

- **Does this cat tree require drilling or wall mounting?**

No drilling is needed. It uses a spring-loaded ceiling tension rod to stay upright between the floor and ceiling.

• **Is this cat tower suitable for large cats?**

It's best for small to medium-sized cats (under 18–20 lbs). Large cats may find the platforms too narrow.
