### INSTRUCTION MANUAL

List of vehicle models with isofix mounting system

**WARNING:** before purchasing, please check your car's instruction and maintenance

handbook to ensure that a ISOFIX attachment has been installed, as it may only be an optional feature. In most cases, the operating and maintenance manual of the car features a large section that provides information on the installation of car seats. To check whether the product you have chosen is compatible with your vehicle, visit the downloads section on the car seat page on [pegperego.com](http://pegperego.com)

## **List of car models equipped with ISOFIX attaching system**

- This table provides the layout of Isofix connectors on most vehicles in circulation in Europe. With reference to the generic drawing, Isofix positions are indicated by a number in the table. Peg Perego will continually update this list, which can be viewed on our website at ([www.pegperego.com](http://www.pegperego.com)) and available within the product area for those that include its use.
- If your car is not on the list, or if you have any additional questions, please contact the Peg Perego Service Centre for more information:- tel.: 0039-039-60.88.213  
-e-mail: **[assistenza@pegperego.com](mailto:assistenza@pegperego.com)**
- In the seats indicated by numbers 2 and 3, it is possible to install the car seat in accordance with the manual of the car and as well as the laws in force in your country of residence.
- If your car is equipped with a compartment on the floor (bottom), check the compatibility of the support leg on our products with the floor of the car itself.
- In the position marked with an asterisk (\*), it is not possible to install the Viaggio2-3 Shuttle with Isofix connectors.
- In the position marked with double asterisk (\*\*), the presence of the Isofix connector is indicated as optional feature by the car manufacturer.

## **Usage Instructions:**

### **1. Check Compatibility:**

Before purchasing, ensure that your vehicle model is listed in the manual with the corresponding Isofix positions.

### **2. Installation:**

Follow these steps to install the product in your vehicle:

1. Locate the Isofix mounting points in your vehicle.
2. Position the product over the Isofix points according to the specified positions in the manual.
3. Securely attach the product to the mounting system.

### 3. Securing Child Seat:

Once the product is installed, place the child seat onto the product and secure it according to the child seat's instructions.

### 4. Testing:

After installation, perform a safety check to ensure the product is securely attached and the child seat is properly secured.
