Place this square in the corner of a larger rectangle or square piece of fabric, RST. It is important to pay attention to the direction of the marked line. The line should intersect with two edges of the fabric underneath it.

An example of how you can incorporate the Cherry Tomato Block in the Chance of Rain quilt!

The Chance of Rain quilt pattern is available at [penandpaperpatterns.com](http://penandpaperpatterns.com)!

**TIP:** To make the quilt shown on the right, only cut the Flower Block pieces (C, P, Q, R, S, T, and U) from the Chance of Rain pattern, regardless of which size (Baby, Large Throw, or Twin) you're making. You'll also need to cut the Cherry Tomato Block pieces using this pattern to complete your quilt.

The Cherry Tomato Quilt mock up was made in Kona solids. The name of those solids are:

Cedar, Persimmon, Artichoke, Peach, Thistle, and Shell.
