WHAT'S IN THE BOX

- Ambush Interactive Cat Toy
- User Guide

PRODUCT OVERVIEW

FEATURES

- **Automatic Hunting Simulation:** This interactive cat toy makes feathers pop out of six holes at random, making it feel like your cat is hunting. This will encourage your cat to playfully pounce.
- **LED Lighting:** The toy comes with bright LED lights that make it more fun to play with and visually appealing for your cat both day and night.
- **Physical and Mental Stimulation:** Built to keep cats active and mentally stimulated, it's a great alternative to traditional toys that encourages exercise and general health.
- **There are two play modes:** fast (blue) and slow (green/yellow), so you can choose the right one for your cat's energy level and keep them happy for longer.
- **Features anti-skid feet** that keep the toy in place even on smooth surfaces like hardwood or tile, so it doesn't move around while you play.
- **Multiple Levels of Engagement:** The random popping of feathers gives your cat a variety of ways to play, which keeps them guessing and interested.
- **Easy Replacement of Feathers:** The purple mode lets you play for longer, so it's simple to switch out the feathers when they get worn out.
- **Option to Buy Three new Feathers:** You can buy three new feathers to make sure you enjoy the toy for a long time.

- **Included Batteries:** It comes ready to use with 4 AA batteries that will last a long time, so you can start playing right away without having to buy anything else.
- **Auto-Off Feature:** It was made with an 8-minute auto-off feature to save battery life when not in use and make it energy-efficient.
- **12-month guarantee:** All parts that break because of flaws in the manufacturing are covered by a 12-month guarantee, giving buyers peace of mind.
- **Small Size:** Measuring 6.7 inches by 6.7 inches by 6.7 inches, it's small and can fit in a lot of places in your home.
- **The fact that it only weighs 0.1 kilograms** makes it easy to move or put away when not in use.
- **Great for All Ages:** It's good for both babies and older cats, which makes it a good choice for homes with more than one pet.
- **Cordless Operation:** Because it doesn't have a cord, your cat can play with it anywhere in the house without any problems.

SETUP GUIDE

- **Take the PetFusion Ambush Interactive Cat Toy out of its box** carefully and make sure that all of its parts are inside.
- **Insert Batteries:** Open the battery compartment and put in 4 AA batteries, making sure they are facing the right way according to the marks on the batteries.
- **How to Find the Power Switch:** The power switch is usually on the side or bottom of the toy.
- **Pick A Play Mode:** Use the mode switch to choose the play mode you want (fast or slow) so the experience fits your cat's tastes.
- **Set Up on a Flat Surface:** For best results, put the toy on a stable, flat surface, especially somewhere your cat likes to play.
- **Check the Anti-Skid Feet:** To keep the toy from moving around while you play, make sure the anti-skid feet are clean and working.
- **Check out the Toy:** To make sure everything is working right, turn on the toy and watch it work.
- **Watch How Your Cat Plays:** Let your cat play with the toy while you watch to make sure it stays safe and interesting.
- **Change as Needed:** If your cat loses interest in the toy, move it to a different spot to get it interested again.
- **Use the LED feature:** If you're using it at night, make sure the LED lights are on to get your cat's attention.
- **When Feathers Need to Be Replaced:** When feathers start to look worn, switch to purple mode to make replacements easy.
- **Include in Regular Playtime:** Give your cat the toy during regular playtime to make their routine better and keep them busy.
- **Encourage Hunting Instincts:** At first, play with your cat with the toy to get them to interact with it.
- **The toy should be put away** in a dry, safe place when it's not being used to keep it from getting broken.
- **Make sure there are no small children or other pets around** that could get in the way of your cat playing with the toy.

CARE & MAINTENANCE

- **Regular Cleaning:** Use a wet cloth to wipe down the outside of the toy on a regular basis to get rid of dust and

fur.

- **Once in a while**, look for signs of wear on the feathers and moving parts. If you find any, replace them.
- **To clean a toy that has tough spots**, use a mild detergent on a cloth. This will get rid of the stain without hurting the toy.
- **Avoid Harsh Chemicals**: Do not use rough cleaners that could damage the toy's surface or parts inside it.
- **Keep the Batteries Fresh**: Keep an eye on the battery life and change them when they start to work less well to keep everything working at its best.
- **Keep it Safe**: When not in use, keep the toy somewhere dry and out of direct sunlight to keep the materials from breaking down.
- **Watch Your Cat Play**: While your cat is playing, you should always watch to make sure they are using the toy safely and not chewing on it too much.
- **Check the Anti-Skid Feet**: Look for dust or other debris on the anti-skid feet and clean them if necessary to make sure they stick well.
- **Replace Feathers Right Away**: If any feathers get broken, you should replace them right away to keep your cat interested in the toy.
- **Reset After Cleaning**: Make sure all features work properly by resetting the toy after any cleaning or maintenance.
- **Talk to Customer Support**: If you have any problems, you can get help or make a guarantee claim by calling PetFusion's customer service.
- **Check the Playtime Duration**: Watch how long your cat plays with the toy to make sure it doesn't get too tired or overstimulated.
- **Refresh Interest**: Change the play mode every so often to keep your cat interested in the toy.
- **Maintaining LED Lights**: Check to see if the LED lights are working right, and if they stop, get a new unit.

TROUBLESHOOTING

Issue	Possible Causes	Solutions
Toy does not turn on	Batteries are dead or incorrectly installed	Replace batteries and ensure they are installed correctly.
Motion is erratic	Sensor obstruction	Clear any debris around the sensor area.
The toy shuts off unexpectedly	Batteries low or defective	Replace with fresh batteries.
Cat is uninterested in the toy	Toy placement or settings	Experiment with different locations and settings.
Light does not work	Faulty LED or battery issue	Check battery and connections; replace if needed.
The toy makes unusual noises	Internal mechanism malfunction	Inspect for any visible damage; contact support.

The toy moves too slowly	Low battery power	Replace batteries to restore speed.
The toy is not responding	Software glitch	Restart the toy by removing the batteries for a few minutes.
Cannot access the battery compartment	Incorrect access method	Refer to the manual for proper instructions.
Toy is overheating	Extended use without breaks	Allow the toy to cool down before use.
Visible damage to the exterior	Wear and tear from use	Check warranty for potential repairs.
Cat plays too aggressively	The toy is not designed for rough play	Monitor playtime and remove if too aggressive.
The interactive feature is not working	Internal mechanism blockage	Clean internal components carefully.
The battery compartment is loose	Poor manufacturing quality	Tighten or secure the battery compartment.

PROS & CONS

Pros:

- Engages natural hunting instincts, promoting exercise.
- Cordless design allows for versatile placement.
- Lightweight and portable for easy relocation.
- Encourages mental stimulation through interactive play.
- Suitable for cats of all sizes and ages.

Cons:

- Requires 4 AA batteries, which are not included.
- Limited battery life may require frequent replacements.

- Some cats may lose interest over time.
- Not suitable for very aggressive chewers.
- May require supervision to prevent damage or accidents.

WARRANTY

The PetFusion PF-ET1A Ambush Interactive Cat Toy comes with a **12-month warranty**, ensuring quality and durability for your peace of mind. This warranty covers any manufacturing defects, allowing you to purchase confidently knowing that your investment is protected.
