## How to install batteries?

- Use a screwdriver (included to remove the screw.
- then insert 2 x 1.5V AAA size batteries (not included) in the battery compartment and tighten the screw.

## How to start the game?

- 1. Choose a changeable part and plug it into the top jack.
- 2. Press the ON/OFF button and the laser light will be on.
- 3. Pat the device, put it on the floor and it will rotate in auto mode. The device will go into standby mode after 60 seconds; pat to restart laser game.

## **NOTES**

- 1. The device is especially designed for pets. This is not a child's toy. Please keep out of reach of children.
- 2. Always supervise your pet while your pet is playing. Please take away the device if it is damaged, broken or falls apart, as this may lead to undesirable injuries.
- 3. The toy is not washable, so please keep it away from water.
- 4. Check the device regularly, in case the core is damaged and the electrical power hurts the pet (Please be careful even the working voltage is very low).

- 5. The safety gear designed for product protection will rattle when somebody accidentally twists the upper or lower part of toy.
- 6. Do not mix old and new batteries or batteries of different brands. Do not mix alkaline, standard, or rechargeable batteries. Only use batteries of same or equivalent type as recommended. Do not use rechargeable batteries.
- 7. Insert batteries with the correct polarity and always follow the manufacturer's instructions.
- 8. Remove batteries if product will be stored for an extended period.
- 9. Dispose of used batteries responsibly.

### **Features**

- 1. When you play with your cat, the PETGEEK FT11 Laser Pointer Cat Toy moves randomly like real prey, which makes your cat want to hunt. Your cat will stay mentally and physically busy with this interactive play.
- 2. **Small and Lightweight:** The PETGEEK FT11 is easy to carry, store, and use anywhere in your home because it is small and light. It's easy to use every day because it's made to be light.
- 3. **Durable Construction:** The PETGEEK FT11 is made of high-quality, non-toxic ABS plastic, so it can stand up to long play sessions and rough use from cats that like to play rough. The strong material makes sure that the experience lasts a long time.
- 4. **Powered by batteries Convenience:** This cat toy is easy to use and great for playing indoors or on the go because it runs on two AAA batteries (not included). Because they are battery-powered, they are portable and don't need any plugs.
- 5. **Energy-Efficient Operation:** The PETGEEK FT11 is made to save battery life without reducing playing. This makes it a cost- and energy-effective toy for long-term use.
- 6. **Safe Laser Technology:** The PETGEEK FT11's laser beam is safe for your cat's eyes, so you can play, worry-free. You can play with your cat for long periods of time without worrying that it will hurt it.
- 7. **Ideal for Indoor Cats**: This toy is great for indoor cats that need mental and physical stimulation, especially when they can't play outside. It keeps them busy and motivates them to work out regularly.
- 8. **Operating the PETGEEK** FT11 is easy and doesn't require any training. To use the laser, just press the button, and the fun starts. This ease of use makes sure that both you and your cat can enjoy playing without any problems.
- 9. **Toys for Indoor Cats**: The PETGEEK FT11 is a great choice for indoor cats because it has an auto-rotating laser beam that moves in a way that makes it look like it's going in a random direction. As an added bonus, it has fake bird squeaks to please your hunting instincts. This makes it a great gift for holidays or birthdays.
- 10. Laser Pointer and Cat Wand Combination: The PETGEEK FT11 brings together the fun of a laser pointer and a cat wand to help you bond with your pet even more. Your cat will be happy and healthy if you play with it often.
- 11. **Electric Cat Wand Toy with Auto Shutoff:** The PETGEEK FT11 has a tumbler shape and an electric cat wand that can turn itself on and off with a press of a button. To save energy, it turns off by itself, but a pat can turn it back on.
- 12. **Automatic Cat Robotic Toy:** The PETGEEK FT11 cat toy encourages your cat to jump, pounce, and chase, which is good for their health. This toy is great for cats of all ages and should be a part of every cat's playing routine.
- 13. **Material That Is Safe for the Environment:** The PETGEEK FT11 is made of ABS material that is safe for both the environment and your cat. This cloth lasts a long time, is light, and doesn't get worn down easily.

- 14. **Cat Wand Feathers and Accessories**: The toy comes with two different cat wand feathers that will make your cat feel like a wild animal. A small screwdriver is also included to make installing the battery easier, which makes the experience better for the user.
- 15. **Guarantee of Satisfaction**: The PETGEEK FT11 comes with a guarantee that you will be happy with it. People who own pets can trust this brand because it has great customer service and promises free help for any problems.

#### **FAQs**

What is the PETGEEK FT11 Laser Pointer?

The PETGEEK FT11 Laser Pointer is an interactive cat toy that engages your cat's hunting instincts by emitting a laser that moves unpredictably.

How does the PETGEEK FT11 work?

The PETGEEK FT11 works by projecting a laser that moves erratically, mimicking the movements of prey, which encourages your cat to chase and pounce.

What kind of batteries does the PETGEEK FT11 require?

The PETGEEK FT11 laser pointer requires 2 AAA batteries (not included) for operation.

How long does the battery last in the PETGEEK FT11?

The PETGEEK FT11 is designed to be energy-efficient, allowing for prolonged use without quickly draining the batteries.

How can I activate the laser in the PETGEEK FT11?

To activate the laser, simply press the button on the PETGEEK FT11, and it will begin moving in unpredictable directions, engaging your cat.

How does the PETGEEK FT11 help with my cat's exercise?

The erratic movement of the laser encourages your cat to chase and pounce, providing both physical exercise and mental stimulation.

How does the PETGEEK FT11 improve my cat's coordination?

The PETGEEK FT11 laser pointer helps improve your cat's paw-eye coordination by encouraging them to track and catch the moving laser.

What makes the PETGEEK FT11 unique compared to other laser pointers?

The PETGEEK FT11 stands out with its energy-efficient design, safe laser, and its ability to engage your cat in interactive play, making it both fun and beneficial.
