Soundbar assemble details

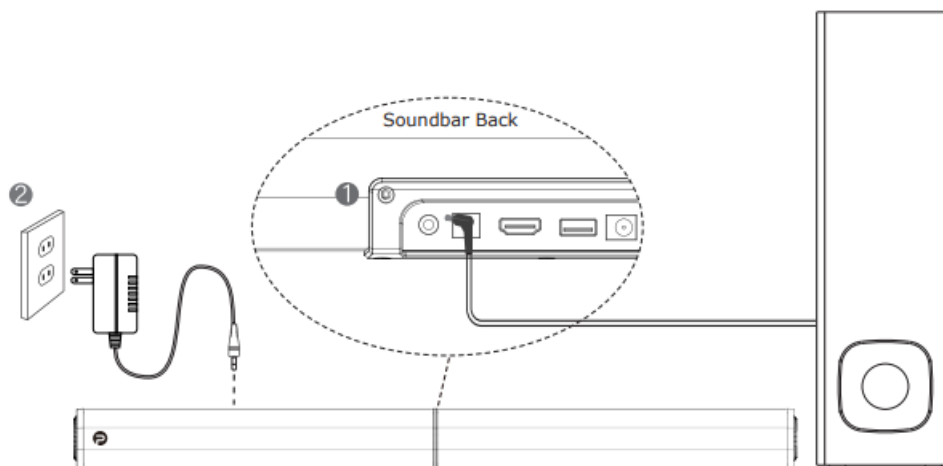

HDMI(ARC) Cable Connection

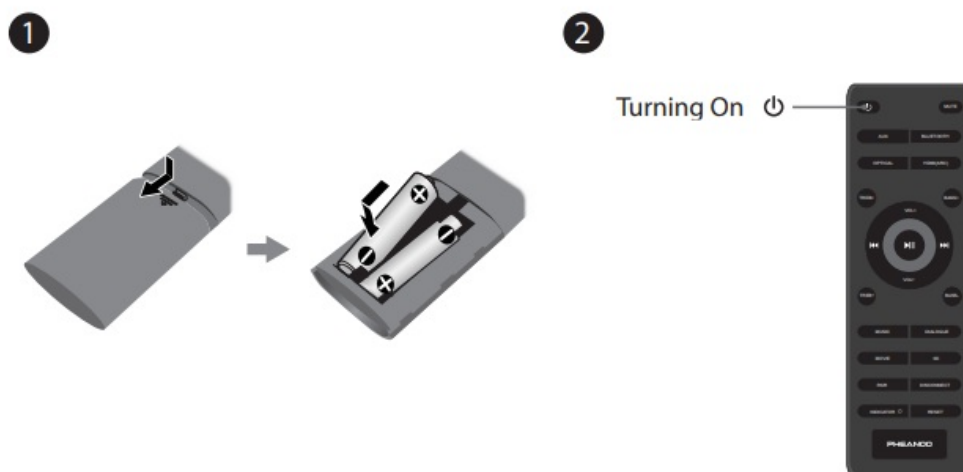

* Please only use Pheanoo's ORIGINAL CABLES in the package.

* Bitte verwenden Sie nur die Pheanoo ORIGINALKABEL die im Lieferumfang enthalten sind.

Power on the Soundbar

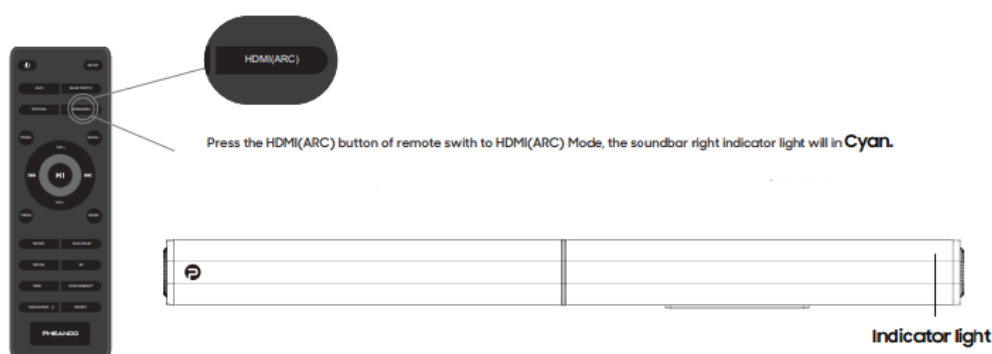

Turning on the Soundbar

- For shipping safety, the batteries for the remote control are not included. The remote control takes two AAA batteries (triple-A).

Soundbar Sound Input Setting

The different indicators represent different modes:

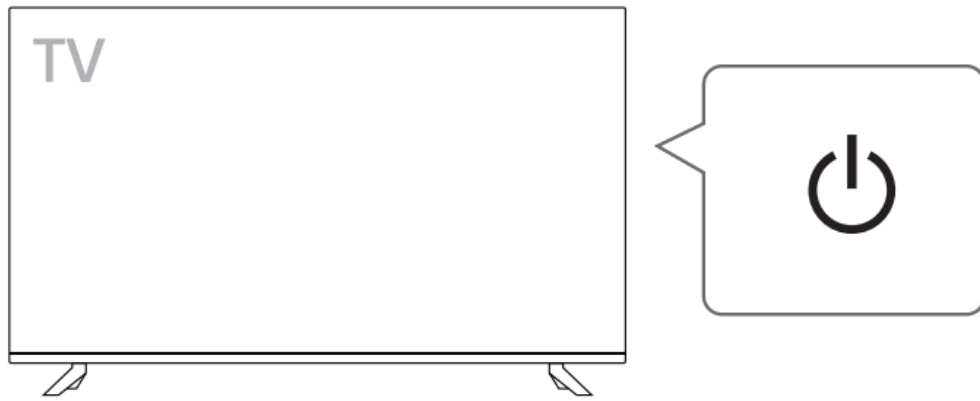

Green indicator = AUX mode

Yellow indicator = Optical mode

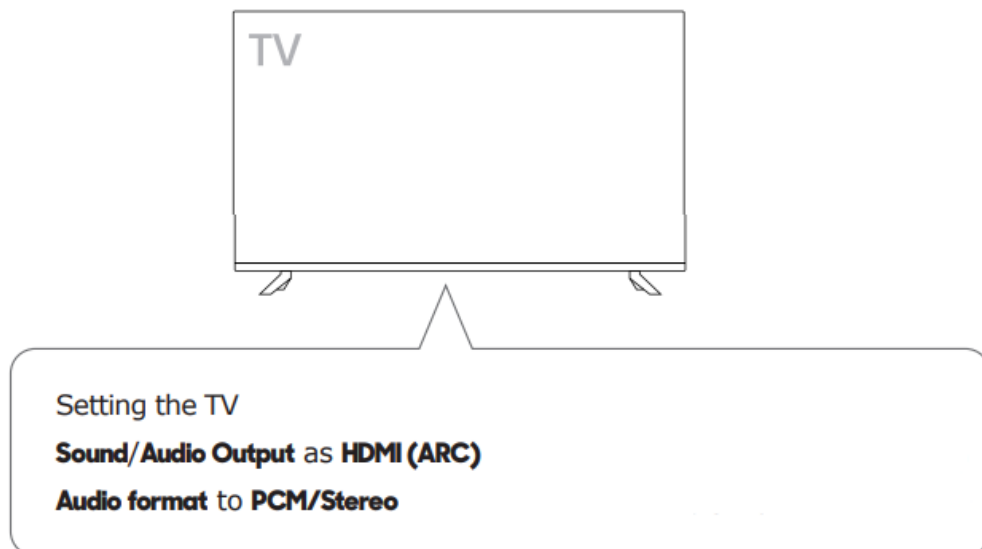

Blue indicator = BT mode

✓ **Cyan indicator** = HDMI(ARC) mode

Turning on the TV

TV Sound/Audio Output Setting

You can also find the related audio settings for the most popular TV brands and streaming devices (like Samsung, TCL, Vizio, Roku, Fire TV, etc) on the back of this page. If you still don't hear any sound from the soundbar, please feel free to contact us at support@pheanoo.com) The sound settings of different brands of TV may be different, please refer to the TV manual

Notice

1. **Make sure** that the TV's Audio output selected is the **same** one selected on the soundbar.

TV Audio Output Settings	to	Soundbar Audio Input Settings
BT Mode		BT Mode
AUX Mode		AUX Mode
HDMI(ARC)Mode		HDMI(ARC)Mode
Optical mode		Optical mode

- When connecting a TV using the HDMI connection modes, most TVs will automatically switch to PCM sound output mode which is compatible with the soundbar. if there is an incompatibility issue, please manually set the TV's audio(sound) to PCM output mode.
- When you use apps such as NETFLIX, HULU, or AMAZON PRIME on your smart TV, please turn off DOLBY and/or DTS function in the app sound settings or choose STEREO output to ensure that the soundbar will be compatible with your TV

NOTE: Please kindly refer to the TV user manual for specific audio settings

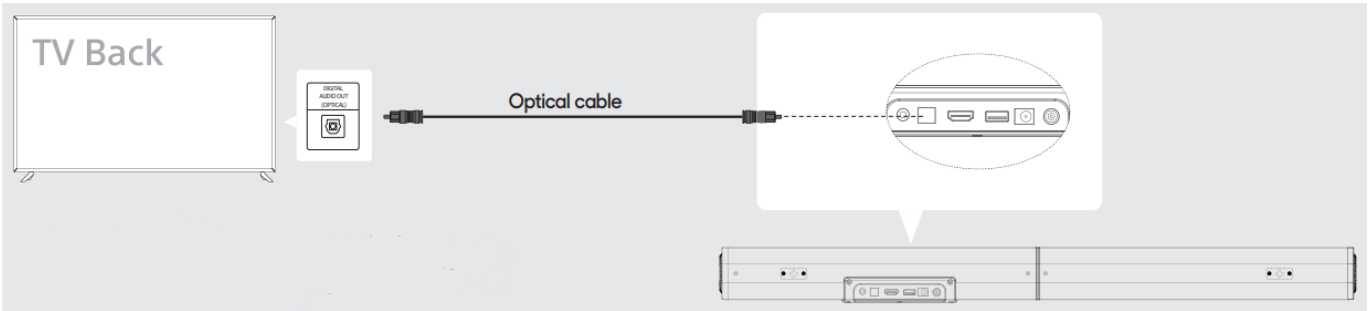

- Do not place magnetic objects in, on, or around the soundbar as this may damage your soundbar.

Other Connection Methods

Optical Cable Connection

For other steps refer to the instructions on the previous page.

- The OPTICAL cable is not included in the package
- Bitte verwenden Sie nur die Pheanoo ORIGINALKABEL die im Lieferumfang enthalten sind.

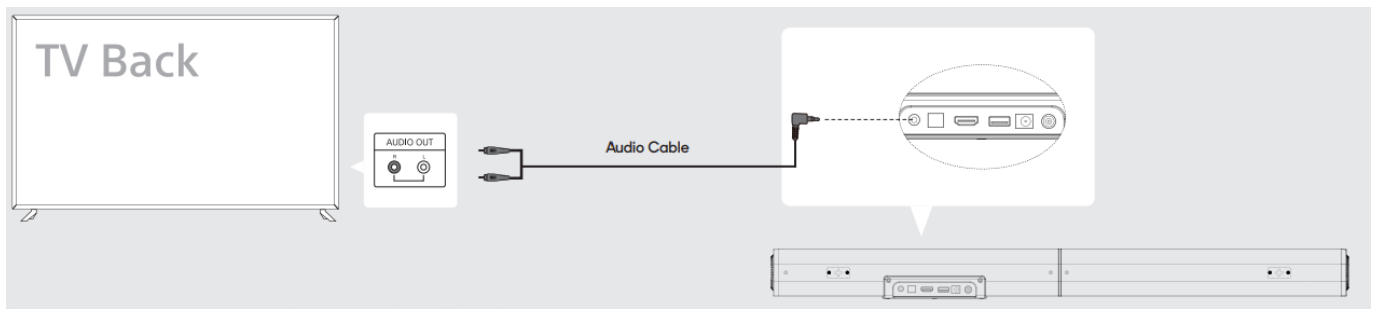

Note:

Sometimes users may hear an echo sound when connecting the soundbar to the TV via optical cable. To eliminate the echo effect, your TV speakers should be disabled. Refer to your TV's audio menu options to make the necessary changes to the speaker settings.

Audio Cable Connecting

For other steps refer to the instructions on the previous page.

Some TVs have **AUDIO IN** only, can't deliver sound to the soundbar.

***Please only use Pheanoo's ORIGINAL CABLES in the package.**
