PHILIPS Pluto AC0819 Air Purifier
Control

Display
Maintenance

Clean the surface of the filter

- Clean the surface of the filter every 4 weeks.

Replace filter when display shows

The filter may produce smell after being used for a while because of the absorption of indoor air. Remove the filter and place it where it has direct sunlight and ventilation for several hours. Re-install and try using it again. If the odor remains, please replace the filter.
