PIEGA MLS Master Line Source MKII Owner's Manual

When purchasing a PIEGA HiFi product, please look for your warranty certificate or register the product at www.piega.ch.

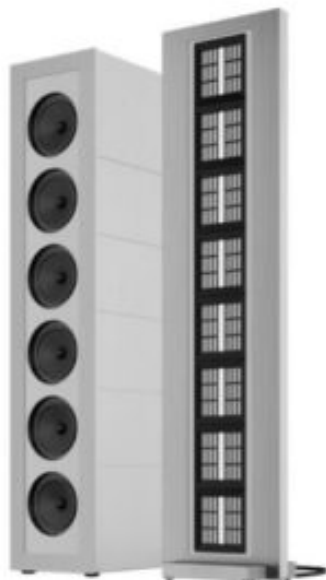

You can only benefit from the warranty services with this PIEGA warranty card filled out by the dealer or with your online warranty registration.

The stated sales prices include the currently applicable VAT rate of 8.1% and the advance disposal fee. With the publication of this price list, all previous price lists lose their validity.

MASTER SERIE

Sculptural acoustic masterpieces: Our handcrafted speakers with line sound sources and dipole systems offer three-dimensional, immersive sound reproduction. Experience live sound in your living room and transform it into a concert hall.

COAX EXCELLENCE SERIE

Individuality for your home: The Excellence series combines unique sound quality with a matt anodized surface, which gives it a particularly elegant appearance. The speakers fit seamlessly into any living space and set special accents with their stylish design.

Eight new colors

The Coax Excellence series combines outstanding sound quality with an exquisite design. The aluminum housing of the speakers is refined using a complex anodizing process, which gives the surface a matt, elegant appearance while retaining the natural aluminum structure. This process gives the speakers a unique look in which the color changes depending on the incidence of light and plays with shadows and shapes.

With the special edition Excellence you can customize the color of your speakers. In addition to the classic colors silver, black and white, you can choose from eight new colors: Blue Lagoon, Misty Green, Shiny Ash, Desert Gold, Bordeaux Red, Havanna Tobacco, Alpine Stone and Autumn Bronze. This means the speakers fit perfectly into any living environment.

ACE WIRELESS SERIE

Smart, active, wireless: The largest, smallest all-in-one system from our company. Whether for HiFi, surround, gaming or as an elegant soundbar alternative - the Ace Wireless speakers adapt to your needs. Experience the unique PIEGA sound in the highest quality, wirelessly and with easy operation. Enjoy clear highs, full bass and a room-filling sound stage.

Ace 50 Wireless

Dimensions (H x W x D): 105 x 14 x 16 cm
 Foot (Ø): 25 cm
 Weight: Aluminum and black version: 14 kg
 White version: 16 kg

- 3-way system floorstanding speakers
- Amplifier power: 200 watts
- Frequency response: 30 Hz - 25 kHz
- 4 x 120 mm MDS® woofers
- 1 x 120 mm MDS® midrange driver
- 1 x AMT ribbon tweeter
- Supply voltage: 100-240V 50/60Hz

Tx speaker

Inputs/Outputs: HDMI eARC, Digital coax / optical (SPDIF) Analog Stereo

Streaming: Apple AirPlay 2, Google Chromecast, Spotify Connect, Roon Ready, Bluetooth 4.2, DLNA

Rx speaker

Inputs/Outputs: Analog Mono, Analog Balanced Stereo (IN/OUT)

A pair of Ace Wireless speakers consists of a Tx and an Rx speaker. The Tx (transmitter) distributes the music in high definition quality and wirelessly to one or more Rx (receivers).

A wireless multi-channel system, on the other hand, only consists of Rx versions. In this application, the transmission function is taken over by a WISA-enabled television or a WISA hub, for example.
