PlayStation CFI-ZAC1 Access Controller

Specifications

Design and specifications are subject to change without notice.

Input power rating	5 V 1 200 mA
Battery voltage	3.7 V
Battery capacity	1,050 mAh
External dimensions	Approx. 141 × 39 × 191 mm (width × height × depth)
Weight	Approx. 322 g
Operating temperature	5 °C to 35 °C
Battery type	Built-in lithium-ion battery
Contact information for the battery	Sony Interactive Entertainment Inc. 1-7-1 Konan, Minato-ku, Tokyo 108-0075 Japan

Product Information

The Access™ is a controller designed with safety in mind. It contains a lithium-ion battery and may emit radio waves. The product should not be disassembled or modified, and precautions should be taken when handling it to avoid injuries.

Usage Instructions

Health and Safety

- Before using the product and/or accessories, carefully read this manual and any manuals for compatible hardware.
- Retain instructions for future use.
- Parents, guardians of children, or caregivers should read this manual for safe use. Assistance may be needed to set up some parts of the controller.
- This product has been designed with the highest concern for safety. However, any electrical device, if used improperly, has the potential for causing fire, electrical shock, or personal injury.
- Observe all warnings, precautions, and instructions.

WARNING

RADIO WAVES

Radio waves may affect electronic equipment or medical devices (for example, pacemakers), which may cause malfunctions and possible injuries.

- If you use a pacemaker or other medical device, consult your doctor or the manufacturer of your medical device before using the wireless networking feature (Bluetooth® and wireless LAN).
- Do not use the wireless networking feature in the following locations:
 - Areas where wireless network use is prohibited, such as in hospitals. Abide by the medical institution's regulations when using the console on their premises.

- Areas near fire alarms, automatic doors, and other types of automated equipment.

MAGNETS AND DEVICES

This product has magnets which may interfere with pacemakers, defibrillators and programmable shunt valves or other medical devices. Do not place this product close to such medical devices or persons who use such medical devices. Consult your doctor before using this product if you use such medical devices.

LITHIUM-ION BATTERY

Do not handle damaged or leaking lithium-ion batteries. If the material comes into contact with the skin, eyes, or clothes, immediately rinse the affected area with clean water and consult your doctor. The battery used in this device may present a risk of fire or chemical burn if mistreated. Do not leave the battery charging for a prolonged period when the product is not in use.

YOUNG CHILDREN INJURIES

CHOKING HAZARD

Small parts. Keep the product and accessories out of the reach of young children. Young children may swallow small parts or may wrap the cables around themselves, which may inflict injury.

NEVER DISASSEMBLE OR MODIFY THE PRODUCT OR ACCESSORIES

unless you are authorised to do so in the SIE-published product document, support guide, or similar tutorial. There is a risk of fire, electrical shock, or injury.

Precautions

Taking breaks

- Avoid prolonged continuous use of this product. Generally, we recommend that you take 15-minute breaks for every hour of play.
- Avoid playing when you are tired or need sleep, and stop playing immediately if you begin to feel tired.
- If you experience any of the following health problems, discontinue use of the product immediately. If symptoms persist, consult a doctor.
 - Dizziness, nausea, fatigue, or symptoms similar to motion sickness
 - Discomfort or pain in a part of the body, such as the eyes, ears, hands, or arms

Light bar

Do not stare at the light bar on the product when it is blinking. Stop using the product immediately if you experience any discomfort or pain.

Set up and handling

- Always ensure the product, accessories, or their connectors are free of liquid, excess dust, and small particles.
- Do not expose the product, accessories, or battery to extremely high or low temperatures during operation, transportation, or storage.
- Do not leave the product or accessories in direct sunlight for extended periods (such as in a car during summer).
- Do not touch the connectors or insert anything into the product.
- Be careful not to pinch yourself while adjusting the extension arm.
- Do not use the product, accessories, cables, or connectors if they are damaged or modified.

- Do not leave the product, accessories, on the floor or in a place where it may cause someone to trip or stumble.
- Do not place the product or accessories on surfaces that are unstable, tilted, or subject to vibration.
- Do not place heavy items on the product, accessories, or cables, throw or drop the product, or otherwise expose it to strong physical impact.
- Do not touch the product during an electrical storm when it is directly connected to the console.

Use and handling

- Use the product and accessories according to the instructions in this manual.
- Other than as authorised by SIE, no authorisation for the modification of the product or accessories, or the analysis and use of its circuit configurations, is provided.
- Unauthorised modification of the product will void your manufacturer's guarantee.

Care and cleaning

Wipe with a soft, dry cloth. Do not use thinner, benzene, or alcohol. Avoid using wipes, chemical cloths, and other products that contain such substances.

End-of-life product recycling

The product and accessories are made of many materials that may be recycled. Follow local regulations when

disposing of the product.

- Where you see either symbol on any of our electrical products, batteries, or packaging, it indicates that the relevant electrical product or battery should not be disposed of as general household waste in the EU, UK, Türkiye, or other countries with separate waste collection systems available.
- To ensure correct waste treatment, please dispose of them via an authorised collection facility, by any applicable laws or requirements.
- Waste electrical products and batteries may also be disposed of free of charge via retailers when buying a new product of the same type.
- Furthermore, within the UK and EU countries, larger retailers may accept small waste electronic products free of charge.
- Please ask your local retailer if this service is available for the products you wish to dispose of. In so doing, you will help to conserve natural resources and improve standards of environmental protection in treatment and disposal of electrical waste.
- This symbol may be used on batteries in combination with additional chemical symbols.

The chemical symbol for lead (Pb) will appear if the battery contains more than 0.004% lead. This product contains a battery that is permanently built-in for safety, performance, or data integrity reasons. The battery should not need to be replaced during the lifetime of the product and should only be removed by skilled service personnel. To ensure the correct waste treatment of the battery, please dispose of this product as electrical waste.

Compliance information

- This equipment has been tested and found to comply with the limits set out in the EU RE Directive. Only use cables that are either a) supplied with the equipment, b) official PlayStation accessories, or c) less than 3 metres in length.
