POLARLIFEHAUS®
FINEST FROM FINLAND

POLARLIFE X7 Space Speaker

Product Information

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference
- This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Specifications

- Compliance: FCC Part 15
- Interference Handling: Must not cause harmful interference, must accept received interference

Product Usage Instructions**General Guidelines**

Before using the device, carefully read the user manual.

Installation

Place the device on a stable surface away from sources of interference.

Powering On

Connect the device to a power source following the instructions provided in the manual.

Operation

Follow the operational guidelines outlined in the user manual for optimal performance and compliance.

Maintenance

Regularly clean the device using a soft, dry cloth. Avoid using harsh chemicals or solvents.

Frequently Asked Questions**Q: What should I do if the device is causing interference?**

A: If you experience interference issues, try relocating the device to a different position away from potential sources of interference.

Q: Can I modify the device for better performance?

A: No, any modifications not approved by the manufacturer may void your authority to operate the equipment.

Parts List

- Vinyl player
- Chargeable cable

Product Safety Guidelines & Precautions

Before use, please read this manual carefully and follow the instructions.

- Put the speaker in a stable and safe place to avoid damage or injury by falling.
- Maintain adequate space around the speaker for optimal sound performance.
- Do not stick any foreign matter into the mesh or charging port of the speaker. Do not hit the speaker hard or with other external force.
- Because the essential oil is corrosive, do not drop it in other places except the diffuser stone. After cleaning the stone, remember to dry it before putting it back into the product, otherwise it may damage the product.
- Keep away from heat sources, and do not go near open flames, microwave ovens, electric heaters, and other high-heat electrical appliances. To ensure safety, use the attached accessories only.
- If you have any problems, please contact the original factory or agents to consult professional maintenance personnel.

Note: This product is only for people over 18 years old.

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference
- This device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, under part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used following the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.
