FCC Statement

COMPLIANCE INFORMATION Product Name: MagniFi Max AX Sound Bar System; MagniFi Max AX SR Sound Bar System Model Number: MagniFi Max AX; MagniFi Max AX SR FCC ID: WLQMAXXSB, WLQMAXXSW, WLQSR2

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - a. This device may not cause harmful interference, and
 - b. This device must accept any interference received, including interference that may cause undesired operation.
2. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following

measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Radiation Exposure Statement

1. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.
2. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
3. FCC RF Warning. This equipment must be installed and operated in accordance with provided instructions, and the antenna(s) used for this transmitter must be installed to provide a separation distance of a minimum distance of 20 cm from all persons and must not be co-located or operated in conjunction with any other antenna or transmitter. End users and installers must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance.

IC RF Radiation Exposure Statement

IC: 7956A-MAXXSB, 7956A-MAXXSW, 7956A-SR2 This device complies with the Canada portable RF exposure limit set forth for an uncontrolled environment and is safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

Innovation, Science and Economic Development Canada's Notices

This Class B digital apparatus complies with Canadian ICES-003. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that permitted for successful communication. This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device. For Canadian customers: CAN ICES-003(B)/NMB-003(B)

Radio Frequency (RF) Exposure Information

The radiated output power of the Wireless Device is below the Innovation, Science and Economic Development Canada's radio frequency exposure limits. The Wireless Device should be used in such a manner such that the potential for human contact during normal operation is minimized. This device has also been evaluated and shown compliant with the Innovation, Science and Economic Development Canada's RF exposure limits under mobile exposure conditions (antennas are greater than 20 cm from a person's body).

5.16-5.24GHz Band

Operations in the 516-5.24 GHz band are restricted to indoor use only.

Stave Equipment

This device is stave equipment, the device is not radar detection and not ad-hoc operation in the DFS band.

5G Notice

High power radars are allocated as primary users of the 5.25 to 5.35 GHz and 5.65 to 5.85 GHz bands. These radar stations can cause interference with and/or damage this device. No configuration controls are provided for this wireless equipment allowing any change in the frequency of operations outside the FCC grant of authorization for US operation according to Part 15.407 of the FCC rules.

Important Safety Instructions

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatuses (including amplifiers) that produce heat.
9. Do not alter or misuse the polarized or grounding-type plug in any way that would defeat the safety features of the plug.
10. Protect the power cord from being walked on or strained, particularly at the plug end and at the point where it exits the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
12. Unplug this apparatus during lightning storms or when unused for long periods of time.
13. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as when the power-supply cord or plug is damaged, liquid is spilled, or objects fall into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
14. To reduce the risk of electrical shock, do not open the equipment. For safety reasons, the equipment should only be opened by qualified service personnel.
15. **WARNING:** To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. Do not expose this apparatus to dripping or splashing. Objects filled with liquids, such as vases, should not be placed on this apparatus.

The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of uninsulated dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

16. The power adapter/AC inlet is used as the disconnect device and shall remain readily operable.
17. Do not install this equipment in a confined space, such as a bookcase or similar unit. Install the equipment in an open, well-ventilated site. Do not cover the ventilation openings with items such as newspaper, tablecloths, curtains, etc.
Do not place any high-temperature items or open flame sources, such as lighted candles, on or adjacent to the apparatus.
18. **CAUTION:** Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent

type.

19. The battery (battery or batteries or battery pack) should not be exposed to excessive heat such as sunshine, fire, etc.
20. **WARNING:** Do not recharge non-rechargeable batteries.
21. **WARNING:** Avoid exposure to extreme heat or cold. Do not use this equipment at ambient temperatures above 45° C (113° F).

This equipment is a Class II or double insulated electrical appliance. It has been designed in such a way that it does not require a safety connection to electrical earth for sound bar and subwoofer.

WARNING: Please refer to the information on the rear of the subwoofer enclosure for electrical and safety information before installing or operating the apparatus.

U.S. and Canada 1-Year Limited Warranty

This warranty applies only to Products purchased in Canada, the United States of America, its possessions and U.S. and NATO armed forces exchanges. Please see the warranty guide specific to Polk Products purchased in countries or territories not referenced herein.

Polk Audio, LLC ("Polk") warrants to the original retail purchaser that this Polk Audio branded product ("Product") will be free from defects in materials and workmanship for a period of (1) one year under normal use and conditions. Should this Product prove to be defective in material or workmanship, Polk may, at its sole and absolute discretion, repair or replace the unit with a model of equal or greater value. If the Product model is no longer available and cannot be repaired or replaced with an identical model, Polk may, at its sole and absolute option, replace the unit with a current model of equal or greater value.
