Poll Everywhere PowerPoint App

**How to Download the PowerPoint App for Mac**

With Poll Everywhere's PowerPoint App for Mac, you can seamlessly include your Poll Everywhere activities in your PowerPoint presentations by embedding them as slides. In this guide you will learn how to download and
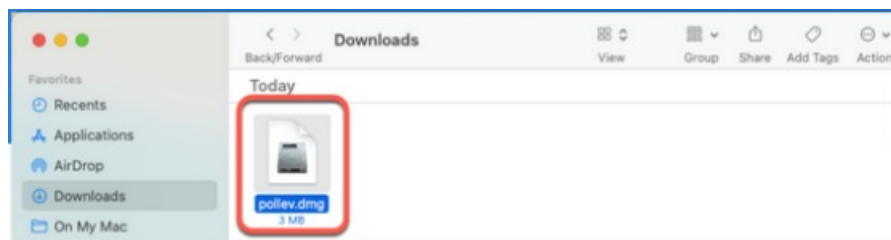

install the Poll Everywhere App for Mac.

1. Navigate to **www.polleverywhere.com** and select "Apps" from the toolbar on the home page, then scroll down and select "Poll Eve rywhere for Power Point (Mac)".

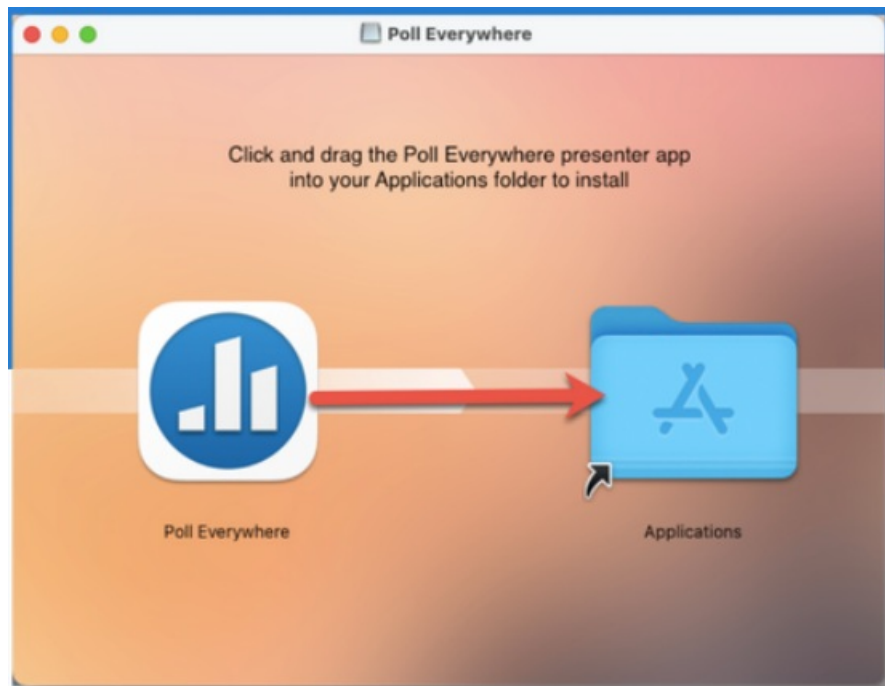

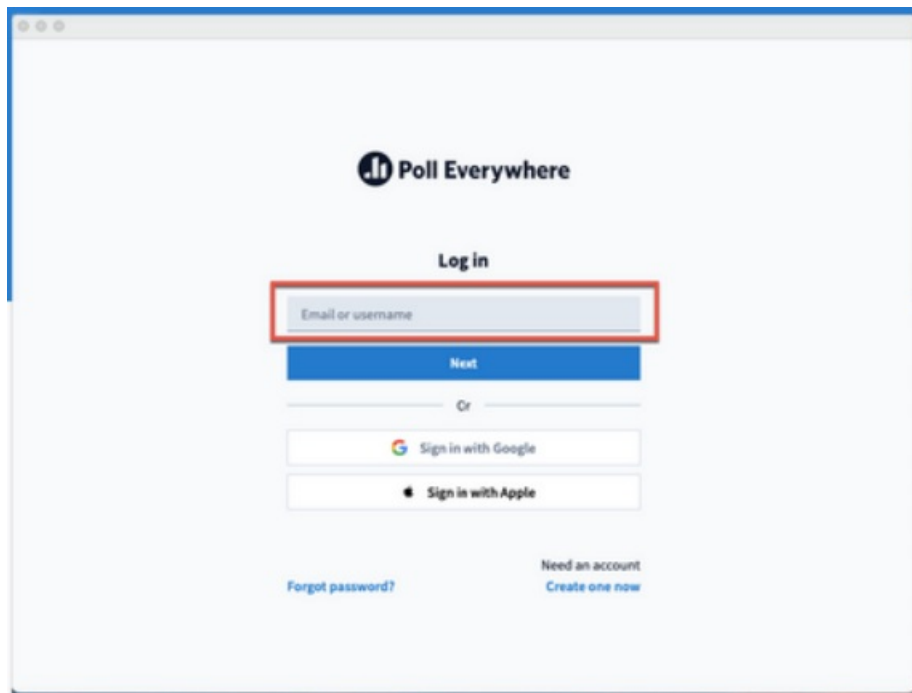

2. Click the "Download for Mac" button.

3. Locate and double click the pollev.exe file you downloaded. (It's usually found in your Downloads folder).

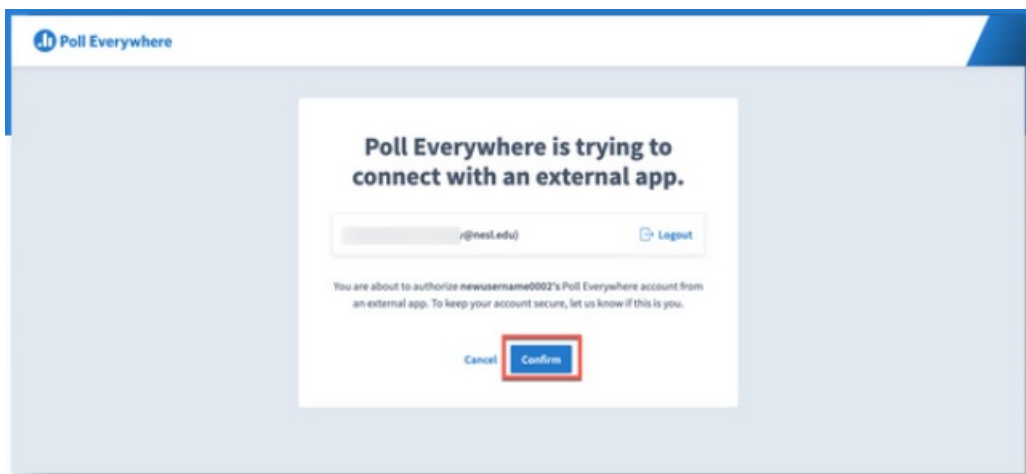

4. After the file has downloaded you will be prompted to drag the PollEv Presenter icon into your Applications folder.

5. Open the PollEv Presenter app from your applications folder and log in to your account.

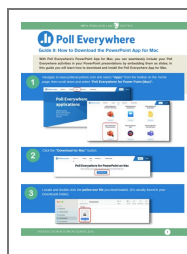

6. You will be asked to confirm that you are connecting to an external app with your NESL credentials, click "Confirm".
