## Product Usage Instructions

### Setting Up the Poly Voyager 5200

To begin using your Poly Voyager 5200, follow these steps:

1. Charge the device fully using the provided charger.
2. Power on the device by pressing and holding the power button until you see the indicator light.
3. Pair the headset with your smartphone or computer via Bluetooth.

## Using the Poly Lens Mobile App

The Poly Lens Mobile App enhances the functionality of your Voyager 5200. Follow these steps to utilize the app:

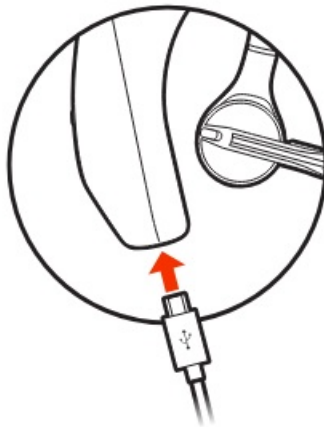

1. Download and install the Poly Lens Mobile App from your device's app store.
2. Open the app and follow the on-screen instructions to connect it to your Voyager 5200 headset.
3. Explore the various features offered by the app, such as customizing settings and updating firmware.

## Using the Poly Lens Desktop App

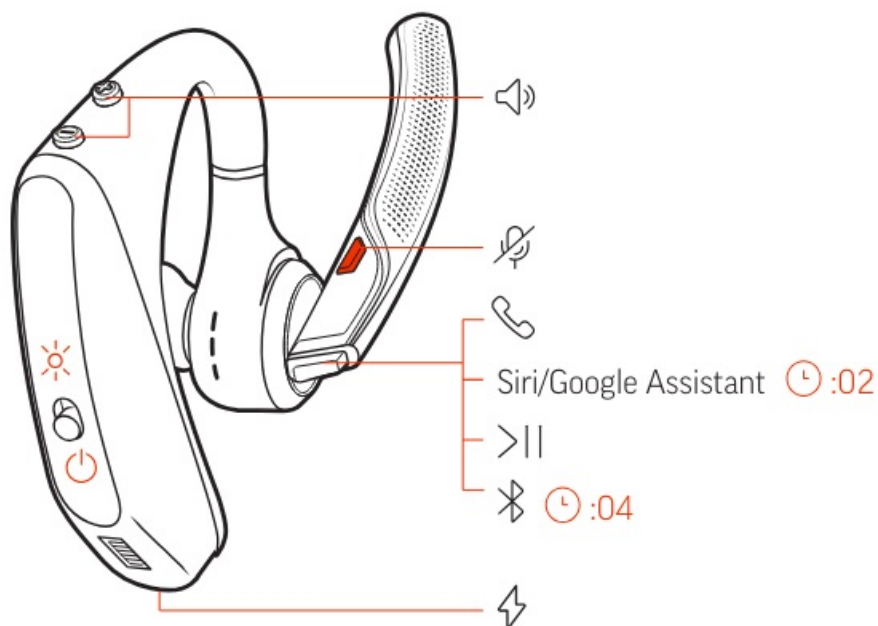

The Poly Lens Desktop App provides additional configuration options for your Voyager 5200. Here's how to make the most of it:

1. Download and install the Poly Lens Desktop App from the official website.
2. Launch the app on your computer and connect your Voyager 5200 headset to it.
3. Access advanced settings, manage multiple devices, and optimize your headset's performance through the desktop app.
