Popity home POP-ZWL0027C Crystal Table Lamp

INTRODUCTION

The Popity Home POP-ZWL0027C Crystal Table Lamp is a great addition to any living area or bedroom since it perfectly combines style and functionality. This pair of bedside lights adds a touch of luxury to any space with its sleek chrome finish and crystal accents. You can effortlessly change the brightness to fit various moods with its 3-way touch dimmable settings, whether you need full brightness for reading, medium brightness for informal activities, or soft lighting for relaxation. Furthermore, these lamps have two USB charging connections, so you can easily charge your gadgets without piling more adapters on your nightstand. The Popity Home Crystal Table Lamp, which is made in China, was originally offered for sale on June 5, 2023, for **\$62.99**. It's the perfect option for people who want their home décor to be both sophisticated and functional.

- For indoor usage only, it is not water-resistant.
- Its lightweight design (6.17 pounds) facilitates easy arrangement and mobility.
- Designed with useful functionality and for reading and decoration

SETUP GUIDE

- Open the box Remove all protective wrapping with caution.
- Verify every component to make sure nothing is broken or missing.
- For safety, place the lamps on a stable surface.
- Follow the directions to assemble the lamp shades.
- Put E26 bulbs into the sockets (bulbs not included).
- Utilizing a typical electrical socket, plug into a power source.
- Tap the light base to test the touch function.
- Use the Touch Control to Change the Brightness (low, medium, and high).

- Attach gadgets to USB ports for easy charging.
- For the best lighting, place the lamps where you want them.
- Make sure there is enough space around the lamps to allow for heat dissipation.
- Avoid moisture and water to avoid damage.
- Steer clear of overloading USB ports to preserve charging effectiveness.
- For enduring performance, use energy-saving LED bulbs.
- To extend the life of the lamp, turn it off when not in use.

CARE & MAINTENANCE

- Dust and fingerprints can be removed by wiping with a soft cloth.
- Steer clear of harsh chemicals since they can harm the chrome finish.
- Regularly inspect USB ports for dust accumulation or debris.
- For reliable illumination, make sure the bulbs are installed securely.
- To avoid rusting, store in a dry location.
- To save energy and ensure safety, unplug when not in use.
- To avoid damaging the crystal elements, handle carefully.
- Avoid Direct Contact Sunlight to keep it looking shiny
- Keep an eye out for loose connections and tighten them as needed.
- To prevent overheating, do not exceed the recommended bulb wattage.
- To keep crystals clean and shiny, use a soft brush.
- Look for frayed cords and repair any that are broken.
- Keep out of children's reach to avoid mishaps.

- Because it is not water-resistant, do not submerge it in water.
- Test the touch sensor frequently to make sure it works.

TROUBLESHOOTING

| Issue | Possible Cause | Solution |
|---------------------------------------|---|--|
| Lamp not turning on | Power source issue | Ensure the lamp is plugged in and the outlet is working. |
| Touch control not responding | Dirt or moisture on the touch sensor | Clean the touch panel with a dry cloth. |
| Dimmer settings not changing | Malfunctioning dimmer circuit | Unplug and plug back in after a few minutes. |
| USB ports not charging devices | Loose connection or incompatible device | Use a different USB cable or try another port. |
| Light flickering | Loose bulb or faulty connection | Tighten the bulb or replace it with a compatible E26 bulb. |
| Lamp turning off unexpectedly | Overheating protection activated | Allow the lamp to cool before turning it back on. |
| One lamp works, but the other doesn't | Manufacturing defect or wiring issue | Test the faulty lamp in another outlet, then contact customer support if the issue persists. |
| Lamp buzzing sound | Incorrect bulb type | Use an LED bulb instead of an incandescent one. |
| Touch sensitivity too high or low | Electrical interference | Keep the lamp away from electronic devices that may cause interference. |
| USB ports working but slow charging | High power demand of the device | The USB ports are standard charging (not fast-charging); use a wall adapter for faster charging. |

PROS & CONS

Pros:

- Stylish chrome and crystal design enhances any décor.
- 3-way touch dimming for adjustable brightness.
- Dual USB ports for convenient charging.
- Set of two lamps offers value for money.
- Sturdy metal base for durability.

Cons:

- Not water-resistant—indoor use only.
- Lampshade assembly required upon delivery.
- Bulbs may not be included (varies by retailer).
- Limited warranty may differ by region.
- USB ports do not support fast charging.

WARRANTY

The Popity Home POP-ZWL0027C Crystal Table Lamp comes with a limited warranty, which covers manufacturing defects and craftsmanship issues. The warranty duration may vary depending on the retailer and region. Please note that damages caused by misuse, modifications, or exposure to water are not covered under warranty.
