**Thanks for choosing our product**

This product is a smart wireless microphone that provides professionat grade recording output. Plug and play, no app required. Multiple uses: It can be used in online live broadcast, video Vlog shooting, program interview, recording, video teaching and other occasions. The wireless Microphone consists of two parts, one is Microphone transmitter, the other one is 8 Pin receiver. (See as below picture
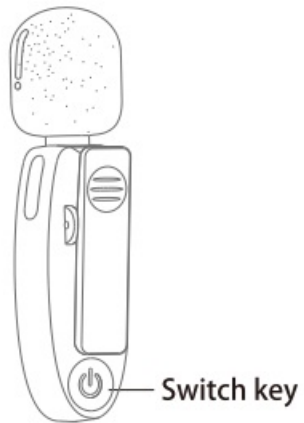

1. Windproof net
2. Microphone indicator
3. Microphone 8 Pin charging port
4. Microphone clip
5. Switch key
6. Microphone reset key
7. 8 Pin port to connect phone
8. Receiver indicator
9. Reset button
10. Type C port of receiver

How To Use

1. Connect the 8 Pin receiver to phone with 8 Pin port. The connection is successful if the phone displays a small icon.

Display small icon on the phone

2. Press switch key of microphone, the indicator light turns green, and then power is turned on.

Switch key

3. The indicator red light of receiver keeps always on, then open the phone camera, live App or other Apps, and then to use the microphone to receive sound.

Indicator red light always on

Special Note:
For the use of 8 Pin port: there is no battery in 8 Pin receiver, and no need to recharge during live. If the phone is low power during live, it can be recharged directly through & Pin port.

Note: Can only listen to video or recording effect after the receiver is pulled out of the device
