Layer 4

Identifying Parts

1. Carefully remove all parts from box.
2. Locate the bag of hardware as this will be needed throughout the installation.
3. Lay parts out on a flat surface (see below).
4. Ensure no parts are missing.

SETTING UP STAND

1. Step-1: Place the Base on a flat surface.
2. Step-2: Find the Uprights and ensure the holes are on the outside.
3. Step-3: Slide both left and right Uprights into the Base's posts.
4. Step-4: Loosely fit the screws connecting the left and right uprights to the base of the stand. Do not fully tighten hardware at this point.

SETTING UP STAND :

5. Step-5: Find the Middle Shelf.
6. Step-6: Slide it in place so the notches are toward the long (back) edges of the Uprights.
7. Step-7: Loosely fit the screws on the outside of the left and right uprights to connect the middle shelf. Do not fully tighten hardware at this point.

8. Step-8: Find the Left and Right Upper Pillars.

9. Step-9: Fit them into the Uprights so the 4 holes are facing the sides.
10. Step-10: Loosely fit the screws connecting the left and right upper pillars to the uprights. Do not fully tighten hardware at this point.

11. Step-11: Find the Backplate.
12. Step-12: Facing the back of the stand, Fit the Backplate onto the Uprights so the post slides are facing you.
13. Step-13: Loosely fit the screws connecting the backplate onto the upper pillars. Do not fully tighten hardware at this point.
14. Step-14: Once the unit is in the location it is to be used, pull the anti-tip support bar out and twist to the RIGHT until it locks in place. When moving the unit reverse the process to raise the bar and move the stand. Re deploy the bar once the stand is in new location.

15. Step-15: Starting from the top, working to the bottom, tighten all hardware with the provided hex wrench.
16. Step-16: The Left and Right Mounting Strips are installed on your flat panel screen using your own VESA mounting bolts and hung onto the Backplate.

Casters Positions

This cart is equipped with Casters that have an “Blue” color foot pedal.

Engage the Directional Locking Casters by pressing the blue foot pedal down. Your cart will now easily track in a straight line.

Release the Direction Lock by lifting up on the foot pedal. The cart will have its full swivel motion restored.

- “Engage the BLACK foot pedal to securely lock the wheels, keeping the cart safely in place.”
- “Engage the blue foot pedal for a seamless and precise straight-line movement, making navigation a breeze.”

- “With a simple release of the BLACK foot pedal, allowing you to navigate effortlessly with unparalleled flexibility.”
- “With a simple release of the blue foot pedal, embrace a world of precision and grace in your swivel motion, making maneuvering a breeze.”

THIS IS NOT A TOY.
ALWAYS FOLLOW SAFETY INSTRUCTIONS.

CAUTION NOTICE

DANGER WARNING

WARNING

THE ELECTRICAL SYSTEM IS DESIGNED TO HANDLE A MAXIMUM OF 1500 WATTS. If wattage exceeds 1500W at one time, the charging system may not operate correctly. Remove devices until the total wattage is under 1500W.

ALWAYS FOLLOW SAFETY PRECAUTIONS.

- ONLY ADULTS should move the stand.

- NEVER climb, sit on or tilt the stand.
- ALWAYS move the cart slowly and be aware of your surroundings.
- ALWAYS extend and secure tilt bars to avoid tipping.
- DO NOT mount any panel over 86”.
- DO NOT mount any panel over 120lbs.
- DO NOT remove this decal.
