## POWERWAVE Handheld Gaming Console Dock

## Product Overview

Get the most out of your Steam Deck or other compatible handheld gaming device with the multi-functional Powerwave Handheld Console Dock. Display on your TV or monitor, charge and connect your gaming accessories all whilst enjoying a reliable internet connection.

## Product Layout

## Instructions For Setup

- Place the Console Dock onto a clean, dry surface.
- Place a compatible gaming device into the console slot and lean against the backrest.
- Insert the Type-C cable on the Console Dock into the gaming device's charging port.
- Insert one end of an HDMI cable into the Console Dock HDMI port, and connect the other end to a monitor, TV, or projector.
- To utilize a wired internet connection, plug an ethernet cable into the RJ45 port on the side of the Console Dock.
- Attach the gaming device's power supply to the power delivery port on the Console Dock.

## Instructions For Use

- Power on your TV, monitor or projector and ensure it is set to the correct HDMI input. The gaming device will automatically display on the visual output device.
- The Console Dock is capable of fast charging the gaming device if a suitable charger is used. The gaming device's official charger is recommended.
- The 3.0 USB Ports can be utilized for gaming controllers, mice, keyboards, and other accessories.
- The Gigabit Ethernet Chip supports 10M/100M/1000M ethernet access. Connecting the Console Dock using an ethernet cable provides a more stable internet connection to the gaming device.

Product Specifications

Specifications	
Input Power	TYPE-C 15V 3A (with PD protocol)
Output Power	<div><div>• TYPE-C (Console Charging): 15V 2A</div><div>• USB3.0: 5V 1A × 3</div></div>
