SETUP GUIDE

- Unpack the tree set by taking the star topper, ornaments, gift boxes, and tree out of the box.
- **Select the Correct Location**: If necessary, position the tree next to a power source on a level, stable surface.
- **Build the Base**: To provide stability, insert the tree stand.
- **Fluff the Branches**: To give the artificial branches a broader appearance, gently spread and shape them.
- Verify that each of the 35 multicoloured LED lights is operating as intended.
- **Connect the Star Topper**: firmly position the gold star above the tree.
- Hang the decorations. Distribute the thirty decorations evenly throughout the tree to achieve a well-balanced look.
- The five ornamental gift boxes should be positioned around the base.
- Make sure the LED string is distributed properly before adjusting the lights for the best effect.

- **Plug in the Lights**: If plugging in the lights is necessary, attach them to a nearby outlet.
- Turn on the lights and reposition them for optimal vision to test the lighting effect.
- **Clean Up the Cords:** To avoid trip risks, fasten any loose wiring.
- **Add Personal Touches:** To make the tree uniquely yours, feel free to add more ornaments or tinsel.
- **Verify Stability:** Make sure the tree is stable and won't topple over.
- Activate and Have Fun! – After everything is set up, turn on the lights and enjoy the holiday atmosphere!

CARE & MAINTENANCE

- When not in use, unplug the LED to help save energy and extend its longevity.
- Store the tree in a cool, dry location to avoid moisture damage and maintain its health.
- During off-season storage, use a storage box or bag to keep dust and debris out of the way.
- **Handle Ornaments Carefully**: Keep them in a different container to avoid scratches or damage.
- **Avoid Direct Sunlight:** This keeps artificial branches from withering and discolouring.
- **Dust the Tree Frequently**: To maintain the branches' cleanliness and fresh appearance, use a soft cloth or duster.
- **Check the Lights Every Year:** Look for any issues with the LED bulbs before utilizing them.
- Keep Away from Heat Sources To avoid harm, stay away from heaters, fireplaces, and candles.

- **Secure the Base Correctly**: To prevent tipping, make sure the stand is securely fastened.
- **Avoid Overloading Branches:** Excessive ornamentation can cause branches to become unwieldy and change shape.
- **Keep Wires Organized:** When storage, wrap the LED cord carefully to avoid tangling or damage.
- **Replace Any Broken Decorations**: Prior to the next use, replace any damaged decorations or gift boxes.
- Keep out of small children's and pets' reach to avoid unintentional tipping or pulling.
- **Wipe with a Damp Cloth for Deep Cleaning:** To get rid of tough dust, use a cloth that has been slightly moistened.
- Have a lot of Christmases! This tree will remain cheerful and festive for many years to come if it is properly cared for.
