Product Usage Instructions

Subcutaneous Injections:

- **Injection Site:** One inch below your belly button or the upper outer area of your thigh, depending on your provider's instructions.
- **Medications:** Cetrotide, Follistim, Ganirelix, Gonal-F, Leuprolide, Menopur, Ovidrel PFS

Intramuscular Injections:

- **Injection Site:** In the muscle of either buttock, below your hip bone.
- **Medications:** Pregnyl, Novarel, Progesterone in Oil

Staying Safe:

Always follow proper sharps handling procedures and dispose of used needles in a designated sharps container. For any concerns or questions, contact your healthcare provider. • Keep out of reach of children.

- Put used sharps into the disposal container we provided.
- If you need another disposal container, use a plastic bottle that cannot be punctured and has a screw on lid.
- If you use a plastic bottle to store used sharps, close the cap tightly, and write "Contains Sharps" on the cap.
- Containers such as soda cans, milk cartons, and glass bottles are not safe options.
- Sharps are typically not allowed in trash or recycling and are treated as medical waste.
- You can dispose of the sharps container at a clinic, hospital, or fire station.

8 East 41st St, New York, NY 10017

FAQ

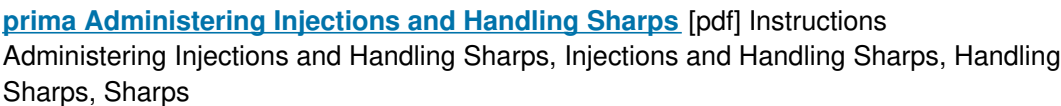

Q: How do I dispose of used needles safely?

A: Used needles should be disposed of in a designated sharps container to prevent accidental needle sticks. Do not throw them in the regular trash.

Q: Can I reuse needles?

A: No, needles are for single use only. Reusing needles can lead to infections or injuries.
