3ft Overhead Platform Setup

- Slide and place the side bar on the ground foot. Lock the assembly using 1/4-20 foot thumbscrew.

- Side Bar is properly attached to the ground foot.

- Attach the support bar on the side bar using the long M5 Short knob.

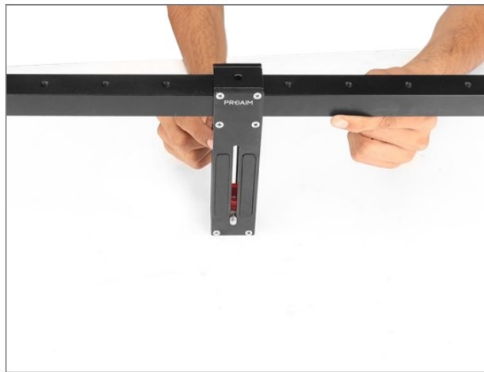

- Then to attach the support bar on the foot, use short M5 short knob.

- Repeat these steps for the other support bar assembly, as shown in the image.

- Slide the camera holder on the cross bar

- Adjust the cross bar height by sliding it along the side bar.

NOTE: Camera Platform slide on crossbar as per your requirement.

NOTE: The Overhead Platform's crossbar is up/ down adjustable & easily mounts through rosette knobs. The Camera Holder with a 1/4"-20 screw can be locked into any position on the crossbar.

- Then lock it into position using the two height adjustment thumb screws.

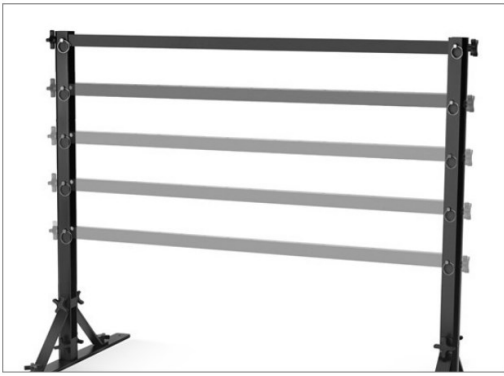

- To secure the cross bar, insert pin on the side.

- Secure it from the other side too.

- You can adjust the height of the crossbar according to your shooting setup.

- Attach two L-brackets using the thumb screws on the cross bar.

- Both the L-brackets are properly attached now.

- Clamp your backdrop to the brackets using two clips.

NOTE: The backdrop & other related accessories are not included with the Overhead Camera Platform.

YOUR PROAIM 3FT OVERHEAD PLATFORM FOR CAMERA & STUDIO LIGHTS ALL DRESSED UP AND READY TO GO!

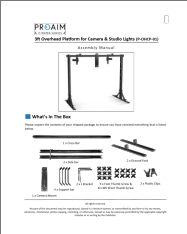

Warranty: We offer one year warranty for our products from date of purchase. Within this period of time, we will repair it without charge for labor or parts.
