How to Switch Connection Mode

After connection, short press the keyboard connection button to easily switch to multiple devices.

Keyboard Charging

When the battery is too low, the low battery indicator will turn red and flash quickly. Please connect to the power supply to charge in time to ensure that the keyboard has sufficient power to meet normal work.
If the battery of the keyboard is too low, there will be delays and freezes and other problems in typing, which affect normal use.
Power indicator turns red while charging, then turn off after fully charged.
Multimedia Function Keys

Note: The FN function is a cyclic mode (F1-F12 and multimedia functions are cyclically used).
