**** Unauthorized pop-ups will still appear after the upgrade package is updated, but just click X normally. It can still be used normally after reaching the specified limit time without any impact.

If you have any questions during the upgrade or product use, you can contact us directly. We will reply to you within 24 hours and provide you with satisfactory after-sales service!

① Specific operating procedures

② Download

③

Open the application: DemoSDK

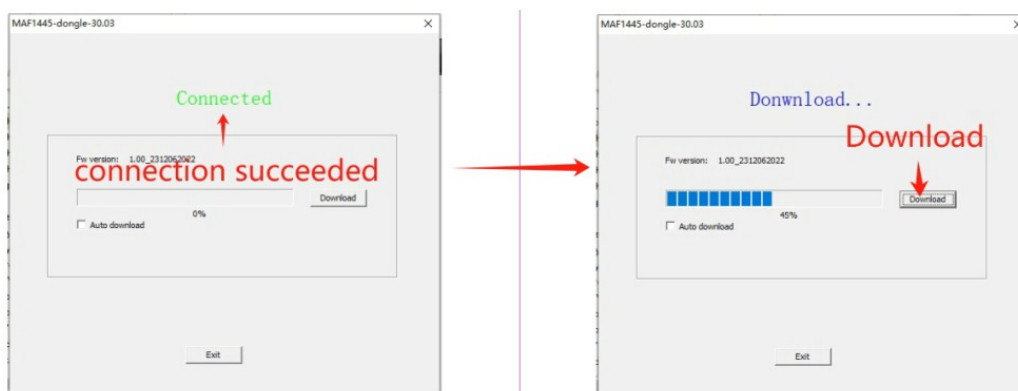

File Path: AdfulInstall → bin → DemoSDK.exe

- Step 1: Connect the cable to the computer
- Step 2: Press and hold the Y key
- Step 3: Plug in the USB-C cable

⑤ The controller is successfully connected to the computer, click to download

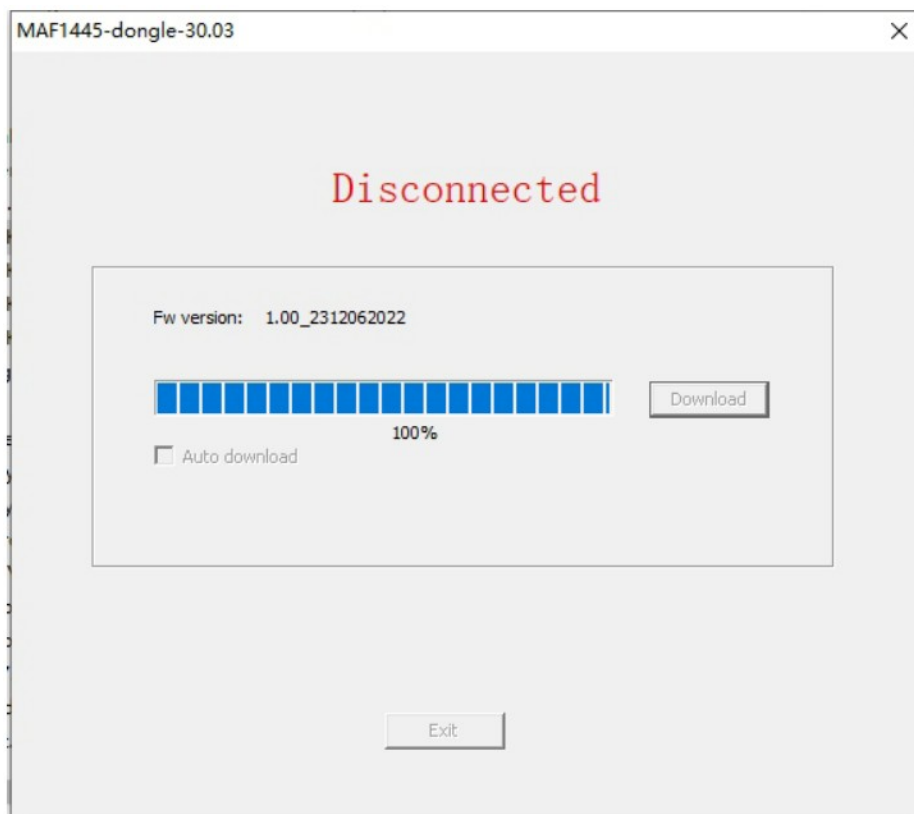

The program can not be recognized, first double-click "AdfulInstall.exe", and then upgrade!

Upgrade Successful

Note!!!

After upgrading, first connect the Xbox console with cable before you can subsequently connect to the Xbox console wirelessly normally!
