## PPHP818B

### PA Speaker & Microphone System

Portable Karaoke Speaker with Wired Mic,  
Built-in LED Party Lights, FM Radio,  
MP3/USB/Micro SD Readers, (8" Subwoofer, 300 Watt MAX)

#### WARNING

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment on and off, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

**NOTE:** This device and its antenna(s) must not be co-located or operated in conjunction with any other antenna or transmitter.

#### RF Exposure Statement

To maintain compliance with FCC's RF Exposure guidelines. This equipment should be installed and operated with a minimum distance of 20cm from your body. This device and its antenna(s) must not be co-located or operated in conjunction with any other antenna or transmitter.

## IMPORTANT SAFETY MEASURES

Before using this machine, please read all the safety and operating instructions. Meanwhile, please observe all the indications about safe operating.

1. Protection of electric power supply line: Be aware that the electric power supply line is not tramped, or pressed by heavy objects. Pay special attention to the plug of the power supply line and outlet on the machine. DO NOT lengthen the electric shock, DO NOT pull or drag the power supply line.
2. Ventilation: This set must be put in a ventilated place. DO NOT put the disk on it or cloth to cover it. The distance away from the wall should not be less than 10 centimeters. DO NOT put this set on the bed, sofa, carpet, or other objects with similar surfaces in case of good ventilation.
3. Casing Dismantling: DO NOT dismantle the casing. If one touches the inner components, he will probably get a serious electric shock.
4. Unusual smell: When you discover an unusual smell and smoke, cut power supplies immediately and pulls out

the plug from the outlet on the wall. Contact the sell shop or nearest repair center.
