## C1B10 VR Headset Controller

### Disposal and recycling information

The crossed-out wheeled bin symbol on your product, battery, the literature or packaging reminds you that all electronic products and batteries must be taken to separate waste collection points at the end of their working lives; they must not be disposed of in the normal waste stream with household garbage. It is the responsibility of the user to dispose of the equipment using a designated collection point or service for separate recycling of waste electrical and electronic equipment (WEEE) and batteries according to local laws. Proper collection and recycling of your equipment helps ensure electrical and electronic equipment (EEE) waste is recycled in a manner that conserves valuable materials and protects human health and the environment, improper handling, accidental breakage, damage, and/or improper recycling at the end of its life may be harmful to health and environment. For more information about where and how to drop off your EEE waste, please contact your local authorities, retailer or household waste disposal service or visit the website <https://www.picoxr.com>

**This equipment may be operated in**

## US Regulatory Information

### FCC statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
  - This device must accept any interference received, including interference that may cause undesired operation.
- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

### FCC RF radiation exposure statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

Supplier's Declaration of Conformity 47 CFR §2.1077 Compliance Information" SDoC Website : <https://www.picoxr.com/legal/compliance>

## Canada Regulatory Information

This device complies with Industry Canada license-exempt RSSs. Operation is subject to the following two conditions:

1. This device may not cause interference, and
2. This device must accept any interference, including interference that may cause undesired operation of the device.

**Caution:**

- The device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems;
- The high-power radars are allocated as primary users (i.e. priority users) of the bands 5250-5350 MHz and 5650-5850 MHz and that these radars could cause interference and/or damage to LE-LAN devices.
- DFS (Dynamic Frequency Selection) products that operate in the bands 5250- 5350 MHz, 5470-5600 MHz, and 5650-5725 MHz
- The exposure standard for wireless transmitter employs a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit set by the IC is 1.6W/kg.
- The highest SAR value for the EUT as reported to the IC when tested for use is 1.123W/kg.

**PICO Product Limited Warranty**

PLEASE READ THIS LIMITED WARRANTY CAREFULLY TO UNDERSTAND YOUR RIGHTS AND OBLIGATIONS. BY USING YOUR PICO PRODUCT OR ACCESSORY, YOU AGREE TO THE LIMITED WARRANTY.

PICO issues this warranty to you, as a consumer who has purchased a new, covered product from PICO or an authorized retailer ("you"). This warranty is not available to products that were purchased from any source other than PICO or an authorized retailer.

**What Does This Warranty Do?**

This Warranty gives you specific legal rights, and you may also have other rights which vary from country to country. This Warranty is in addition to and does not affect any rights you have under the laws in your jurisdiction concerning the sale of consumer goods.

**Coverage of This Warranty**

This warranty covers defects and malfunctions in the new PICO product(s) it accompanies (the "product"). We warrant that the Product will, under normal and intended use, function substantially in accordance with our technical specifications or accompanying product documentation (the "Warranted Functionality") during the warranty period. If and to the extent the product needs PICO software or services to achieve the Warranted Functionality, we will make and keep software and services available during the warranty period. We may update, modify or limit such software and services at our sole discretion so long as we at least maintain the Warranted Functionality.

**Warranty Period**

This limited warranty continues for one (1) year from the date of purchase or delivery of the product, whichever is later (the "Warranty Period"). However, nothing in this warranty impacts or limits any rights which you might have under applicable local law, including any consumer laws.

**Not Covered by This Warranty**

- Defects or damage resulting from improper usage, maintenance, not included in this manual;
- Screen damage caused by sunlight or UV light exposure or other strong light sources;
- Deterioration of the cosmetic appearance of the Product or Accessory due to normal wear and tear;
- Consumable parts, such as: AA Battery, Lanyard, Cleaning cloth, Face cushion, Headband, Earphone hole cap, Mounting kit, Mounting pad and protective coatings that are reasonably expected to diminish over time, unless failure has occurred due to a malfunction;
- Gifts and packages other than product and accessory;
- Damage caused by dismantling, modification and repair without PICO or service provider authorized by PICO;
- Damage caused by force majeure such as fire, flood, and lightning;
- The product has exceeded the valid period of the warranty.

## How to Obtain Warranty Service?

You can check the user manual or visit <https://business.picoxr.com> when you meet the problem during using. If the problem cannot be resolved by reference to the user manual and/or resources available at <https://business.picoxr.com>, You should contact the Distributor from which You purchased the Product or Accessory for assistance. In the event of a perceived malfunction in the Product or Accessory, You should contact us and provide the following details and take the following actions:

- The model and serial number of Product and Accessory;
- Your full address and contact information;
- A copy of the original invoice, receipt or bill of sale for the purchase of the product. You must present valid proof of purchase upon making any claims pursuant to this Limited Warranty.
- You should back up all your personal programs or data and delete them from the product before you return the product to us. We cannot guarantee that we will be able to repair the Product without risk to or loss of programs or data, and any replacement Product will not contain any of your data that was stored on the original Product.
- We will determine if there is a defect or malfunction covered by this warranty. If we find a defect or malfunction covered by this warranty, we will repair or replace the Product to provide the Warranty Functionality, and we will send the repaired Product or a replacement Product. in the event that the Product cannot be repaired or replaced, You may be entitled to a refund.
- Any repaired or replaced product will continue to be covered by this warranty for the remainder of the original warranty Period or ninety (90) days following your receipt of the replacement or repaired product, whichever is greater.

## Governing Law

This Limited Warranty will be governed by the law of the country in which the Product and/or Accessories were purchased and the relevant courts of that country will have exclusive jurisdiction in relation to this Limited Warranty. If you live in the UK or EU, you may have additional rights and can bring legal proceedings in the courts of your country of residence.
