Storage: Micro SD Storage (Max 32Gb) Cloud Storage option
Max. radio transmit power Antenna gain: 18.5 dBm 3 dBi
Resistance: IP20
Dimensions: 83 x 128 x 64 mm (Teddy) 67 x 67 x 58 (Camera)

Use

1. Just download the app “q-nect home” from the Apple app store or the Google Play store
2. Start the app.
3. If you're using it for the first time, you'll have to register and create a new account.
If you already have an account, log in using your login details.
4. Click “+” in the upper-right corner in the app, and in the list select ‘Security > QN-IPC04’
Optional: Insert a memory card into the memory card slot
5. Connect the camera to the included USB cable and the power supply unit. Plug the power supply unit into a socket.
6. Wait a moment until the camera emits a signal tone and the LED begins to flash red quickly.
 1. If the camera does not make a “beep” sound, or the LED does not flash quickly: press the reset button for > 6s until you hear a beep sound.
 2. If the camera makes a beep sound and the LED flashes quickly: Confirm in the app.
7. Confirm that the camera LED is flashing.
8. Now enter the name of your 2.4GHz WiFi network and the password, and confirm.
9. The camera will now be connected. Once the connection has been established, the LED stops flashing and emits a constant blue light.
10. Now you can set up, control and configure your WiFi camera using the app.
Note: The device name will also be used for push notifications.
11. Install the device on your desired location

Safety

- To reduce risk of electric shock, this product should only be opened by an authorized technician when service is required.
- Disconnect the product from the mains and other equipment if a problem should occur.
- Read the manual carefully before use. Keep the manual for future reference.
- Only use the device for its intended purposes.
- Do not use the device if any part is damaged or defective. If the device is damaged or defective, replace the device immediately.
- The device is suitable for indoor use only. Do not use the device outdoors.
- Do not expose the product to water or moisture

Warning!

- Do not use cleaning solvents or abrasives.
- Do not clean the inside of the device.
- Do not attempt to repair the device. If the device does not operate correctly, replace it with a new device.
- Clean the outside of the device using a soft, damp cloth.

Warranty

Eltra nv assumes no liability and provides no warranty for damage resulting from improper installation/mounting, improper use of the product or from failure to observe the operating instructions and/or safety notes.

Declaration of Conformity
