OPS PC Module

Unpacking

Before use, make sure the following items are included in the package. If anything is missing, contact the retailer where you purchased the product.

①

1. OPS PC Module x1

②

2. Antenna x2

③

3. Quick Start Guide x1

Install OPS PC Module

1. Ensure the interactive screen is powered off.
2. Remove the connector plate on the back side of the interactive screen and expose the connector.

3. Insert the OPS into the slot.

4. Tighten screws to permanently fix the computer to an interactive display.

5. Install the antenna on the OPS.

6. Power on the display and proceed with Windows setup.
