USE

Assemble the chest of drawers following the instructions hereunder.

Do not change the design and the assembly method of this cabinet.

This is a piece of furniture on legs. Please lift the furniture before every move and do not move it over the floor or carpet. Damage incurred as a result will not be reimbursed.

Introduction : before putting into use, check if all parts of the cabinet are in good condition, well tightened, and do not show sharp edges which may injure a child or snag on its clothing (or cords, necklaces, pacifier ribbons), causing a strangulation hazard. Check all connection points.

Inspection : Regularly check the chest of drawers for broken, warped or missing parts. No longer use this furniture whenever such parts are found.

Replacement of parts : always use original parts, to obtain from the manufacturer or the distributor.

Fire hazard : Do not place the cabinet near a heat source such as electrical heating, gas heating, etc. in order to avoid any fire hazard.

Maintenance : Only clean the chest of drawers with soap or any other mild cleaning agent without toxic components and with warm water. **In order to reduce swelling and possible discoloration of the wood panels any spillage should be removed immediately and cleaned up.**

To get beautiful and undamaged furniture work carefully.

Use a clean blanket and remove any screws or the like.

This assembly is better done with two people.

Work slower and your satisfaction will be better.
