**USB Type-C Hub for imac**
Quick Start Guide

Contents

First-Time Use

- Thanks for choosing Qwiizlab. Please read this Quick Start Guide carefully before use. Please feel free to contact us by email to **support@qwiiziab.net** if needed.
- This product combines USB Type-C hub and docking station in a single sleek case. It enhances functionality on your 2021 iMac by adding convenient access for all most-used ports and slots.Without extra driver or software installation, it runs smoothly with your 2021 iMac as a perfect addition. With a slim and uni-body design, it saves you precious desktop space.
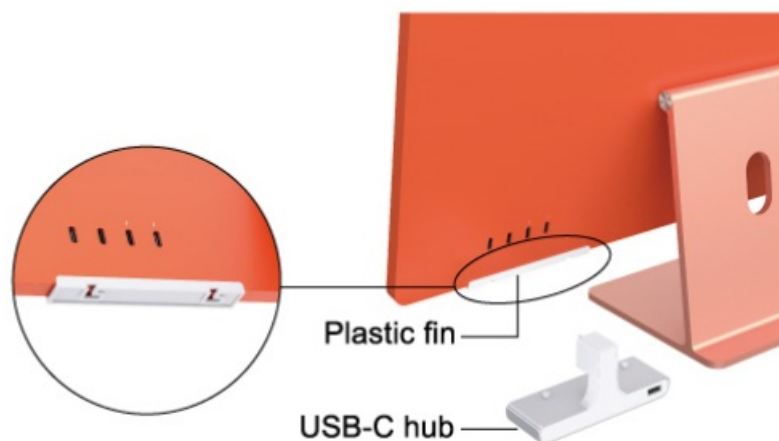

Safety of Use

- The environmental operation temperature for this product is 0 to 40 C .
- The exposure to rain, moisture or snow is not allowed.

Compatibility

TN02

TN02H

TN02L

* It ONLY supports 2021 iMac (M1), it does NOT support any other models of iMac.

How To Connect

Plastic fin

USB-C hub
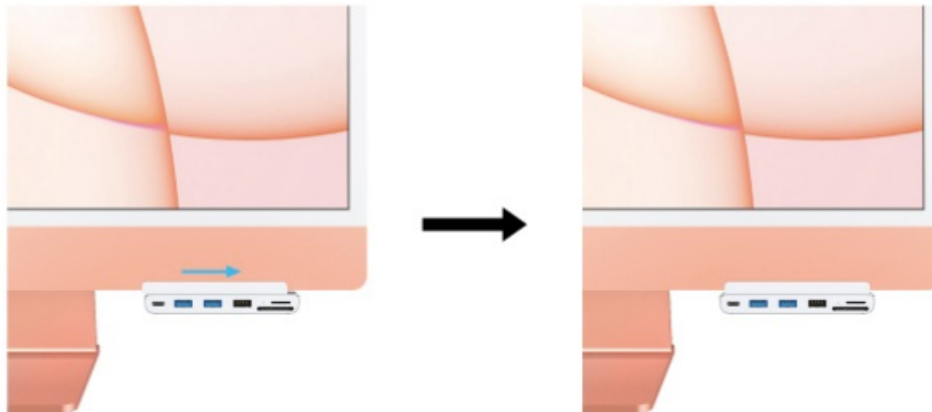

Step 1: Put the plastic fin onto the bottom edge of the screen of 2021 iMac.

Step 2: Plug the USB-C hub into the Thunderbolt port on the rear of 2021 iMac.

Step 3: Put the USB-C hub into the notches on the plastic fin and slide it to on the right.
