Bluetooth mode

Keyboard

1. Press and hold key combinations, Fn+1, Fn+2 or Fn+3 at least 3 seconds to pair 3 different devices via Bluetooth. Respective blue, green and cyan status LED flash slowly. The keyboard is discoverable for 60 seconds.
2. Complete Bluetooth pairing on your device. When the keyboard and your device are paired, the status LED turns off.

Mouse

1. Turn on the mouse.
2. Press Bluetooth button to select the channel on which your device is connected. Respective green and blue Status LED flash rapidly.
3. Press and hold Bluetooth button at least three seconds to pair. Respective green and blue Status LED flash slowly. The mouse is discoverable for 2 minutes.
4. Complete Bluetooth pairing on your device. When the mouse and your device are paired, the light turns off.

Bluetooth pairing

Windows®7 and 8:

1. Click the “Start” button, then select Control Panel > Add a device
2. Select the keyboard or mouse from the list.*
3. Click Next and follow any other instructions that may appear on the screen.

Windows®10 and 11:

1. Click the “Start” button, then select Settings > Devices > Bluetooth.
2. Select the keyboard or mouse from the list.*
3. Click Pair and follow any other instructions that may appear on the screen.

Switching among paired devices

Press key combinations of the keyboard, Fn+1, Fn+2, Fn+3 and Fn+4 to switch among paired devices. Press Bluetooth button of the mouse to switch among paired devices. The keyboard and the mouse connect a device via 2.4 GHz receiver. They respectively pair 3 and 2 devices via Bluetooth.

Status LED

Keyboard

Status LED flashes slowly, indicating the keyboard and your device are pairing via Bluetooth.

Mouse

When you pick up the mouse, if the light is stable for 6 seconds, the mouse is currently connecting a device via Bluetooth. Green and Blue lights indicate two different devices. If the light turns off the mouse is currently connecting a device via 2.4 GHz receiver. When you switch to a device which is connected via 2.4 GHz receiver, the light turns off. When you switch to a device which is connected via Bluetooth, green or blue light flashes rapidly.

Warranty conditions

This device is covered by a 2-year limited hardware warranty from the date of purchase. For more information, please visit www.rapoo-eu.com.

Windows® 7/8/10/11, Mac OS X 10.4 or later, USB port

Package contents

Conformity Information: Hereby, Rapoo Europe B.V. declares that this radio equipment product is in compliance with Directive 2014/53 EU (RED) and all other applicable EU Regulations. The full text of the EU Declaration of Conformity is available at the following internet address: www.rapoo-eu.com. **Operating frequency band:** 2402-2480MHz **Maximum radio-frequency power transmitted:** 5dBrn/3.16mW

Conformity Information United Kingdom: Hereby, ProductIP (UK) Ltd., as authorized representative of Rapoo Europe B.V., declares that this radio equipment product is in compliance with the UK Radio Equipment Regulations 2017 and all other applicable UK Regulations. The full text of the UK Declaration of Conformity is

available at the following internet address: www.rapoo-eu.com. Operating frequency band: 2402 to 2480 MHz.

Maximum radio-frequency power transmitted: 5dBm/3.16mW

Disposal of Packaging Materials: The packaging materials have been selected for their environmental friendliness and are recyclable. Dispose of packaging materials which are no longer needed in accordance with applicable local regulations.

Disposal of the Device: The symbol above and on the product means that the product is classed as Electrical or Electronic equipment and should not be disposed with other household or commercial waste at the end of its useful life. The Waste of Electrical and Electronic Equipment (WEEE) Directive has been put in place to recycle products using best available recovery and recycling techniques to minimise the impact on the environment, treat any hazardous substances and avoid the increasing landfill. Contact local authorities for information on the correct disposal of Electrical or Electronic equipment.

Disposal of Batteries: Used batteries may not be disposed of in normal household waste. All consumers are required by law to dispose of batteries at a collection point provided by their local community or at a retail store. The purpose of this obligation is to ensure that batteries are disposed of in a non-polluting manner. Only dispose of batteries when they are fully discharged. Cover the poles of partially discharged batteries with tape to prevent short circuits.
