rapoo M260 Silent Wireless Multi-Mode Optical Mouse User Guide

Multi-mode wireless connection

Instant switch among multiple devices

Invisible 1300 DPI engine

Silent click

Up to 9 months battery life

This wireless mouse is the ideal travel companion for notebook users thanks to its compact size and ergonomic design. The new multi-mode wireless technology from Rapoo – combining connections via a reliable 2.4 GHz wireless transmission, Bluetooth 3.0 or Bluetooth 4.0. (Smart) – allows you to connect

M260 Silent simultaneously to up to 3 devices and change (pair automatically) among them. Precise navigation on nearly every surface is also possible thanks to the invisible tracking engine with 1300 DPI. To top it off, the battery lasts for up to 9 months.

Multi-mode wireless connection

Interference-free wireless options: The smart switch between Bluetooth 3.0, Bluetooth 4.0 (Smart/ BLE) and 2.4 GHz ensures stable wireless transmission with up to 10 meters range and 360° coverage. You can still use your mouse regardless of USB port shortage or the loss of receiver.

Instant switch among 3 connected devices in one click (Automatic pairing)

Connect to all your devices: M260 Silent automatically pairs the working device. It simultaneously connects to up to 3 devices, and easily switches among them. It simplifies activities across devices and meets multi-tasking requirements.

1300 DPI Invisible tracking engine

Enjoy total control: with the advanced 1300 DPI invisible tracking engine, accuracy is no longer left to chance. You will enjoy responsive and smooth cursor control on practically every surface

The sound of silence

Click all you want: The silent mouse switches allow you to use your mouse freely without disturbing others. This mouse is perfect for late night projects at home, use at public places and while traveling
