M600 Silent/ M600mini Silent

Bluetooth mode

A. Pair your first device

a1. Turn on the mouse.

a2. Keep pressing the Bluetooth button at least 3 seconds to pair. The status LED flashes red slowly. The mouse is discoverable for 2 minutes.

a3. Complete Bluetooth pairing on your device as follows. When the mouse and your device are paired, the light turns off.

B. Pair your second device.

b1. Press the Bluetooth button to switch to another channel.

b2. Follow steps 2 and 3 of "Pair your first device" to connect your second device.

Windows@7 and 8:

1. Click the “Start” button, then select Control Panel> Add a device.
2. Select “RAPOO3.0 MS” or “RAPOOS.0 MS” from the list, then click Next.

Windows@10:

3. Click the “Start” button, then select Settings> Devices> Bluetooth.
4. Select “RAPOO 3.0 MS” Or “RAPOO5.0 MS” from the list, then click Pair.

Switch among paired devices

Press the Bluetooth button to switch among up to 3 paired devices. The mouse connects up to 2 devices via Bluetooth and 1 via a 2.4 GHz receiver.

Status LED

When you pick up the mouse

If the red light turns stable for 6 seconds, Bluetooth device 1 is paired. If the red light flashes slowly, Bluetooth device 2 is paired. If the light is off, the 2.4 GHz device is paired.

Low battery

Red light rapidly flashes twice every two seconds when you use the mouse.

Package contents

System requirements

Windows®XP /Vista/ 7 / 8 / 10 or later, USB port

Warranty

The device is provided with a two-year limited hardware warranty from the purchase day. Please see www.rapoo.com for more information.

Declaration of Conformity

We, the manufacturer Shenzhen RapooTechnologyCo., Ltd Fax:+86-0755-28588555	Declare that the product Product Name: Multi-mode Wireless Mouse Model No : M600 Silent / M600mini Silent
Complies with the following norms: EN 300 328 V2.1.1 (2016-11) EN 50663: 2017 EN 301 489-1 V2.2.0 EN 301 489-17 V3.2.0 EN 62368-1:2014+A11:2017	The product is in compliance with the essential requirements of Radio Equ Directive 2011/65/EU. Manufacturer/Authorised representative Minkun Deng,EMC Engineer R&DDepartment DateofIssue: Jul.14,2021 

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. (Example- use only shielded interface cables when connecting to computer or peripheral devices).

FCC Radiation Exposure Statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Caution!

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

Radio Equipment Directive 2014/53/EU:

Frequency Bands: 2402-2480MHz

Maximum Radio Frequency Power Transmitted: 3.48 mW EIRP

IC RSS warning

This device complies with Industry Canada licence-exempt RSS standard (s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

IC Radiation Exposure Statement:

This equipment complies with IC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
