Disposal of Packaging Materials: The packaging materials have been selected for their environmental friendliness and are recyclable. Dispose of packaging materials that are no longer needed in accordance with applicable local regulations.

Disposal of the Device: The symbol above and on the product means that the product is classed as Electrical or Electronic equipment and should not be disposed of with other household or commercial waste at the end of its useful life. The Waste of Electrical and Electronic Equipment (WEEE) Directive has been put in place to recycle products using the best available recovery and recycling techniques to minimize the impact on the environment, treat any hazardous substances, and avoid the increasing landfill. Contact local authorities for information on the correct disposal of Electrical or Electronic equipment.

Disposal of Batteries: Used batteries may not be disposed of in the normal household waste. All consumers are required by law to dispose of batteries at a collection point provided by their local community or at a retail store. The purpose of this obligation is to ensure that batteries are disposed of in a non-polluting manner. Only dispose of batteries when they are fully discharged. Cover the poles of partially discharged batteries with tape to prevent short circuits.
