INSTALLATION INSTRUCTIONS

 The dimensions indicated in parentheses are for reference only. The person carrying out the installation is responsible for the correct installation and height adjustment of the pre-wall installation system. The height adjustment of the pre-wall installation system is determined by the type of toilet bowl used, the toilet seat and the content of legal regulations and standards of the country in which the installation is performed.

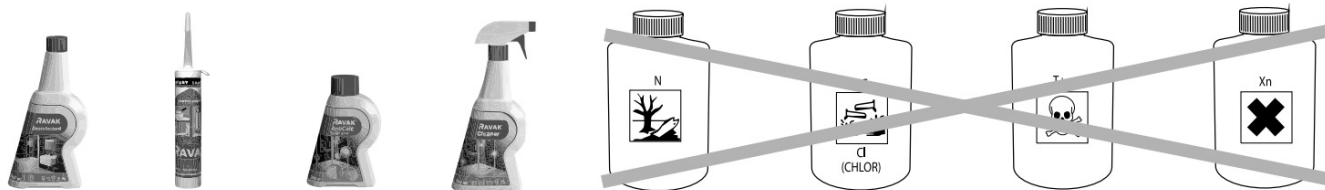

For further information, contact your local Ravak dealer: The manufacturer reserves the right to amend or improve on existing designs or features. Please help preserve the environment by observing local country guidelines or laws regarding re-cycling. Materials which are not suitable for re-cycling must be disposed of at an official and suitable waste control centre.
