USB 3.2 Type A port		For USB Type A devices that support data transfer of up to 10 Gb/s or charging devices

SAFETY AND MAINTENANCE

SAFETY GUIDELINES

To achieve maximum safety while using your Razer USB 4 Dock, we suggest that you adopt the following guidelines:

Should you have trouble operating the device properly and troubleshooting doesn't work, unplug the device and contact the Razer hotline or go to support.razer.com for assistance.

Don't take apart the device, and don't attempt to operate it under abnormal current loads. Doing so will void your warranty.

Don't place objects on top of the device.

Only use the provided cable, power cord, and adapter with your device, and opt for accessories that are either made by or approved by Razer. Non-standard accessories may not provide adequate power delivery or data transfer rates and may affect the dock's performance and safety.

When disconnecting any device, avoid abruptly tugging on its cable wire. Instead, gently unplug it from its connector.

Make sure that the device is positioned in a well-ventilated area and that there's enough space around it for air circulation.

Keep the device away from liquid, humidity or moisture. Operate the device only within the specific temperature range of 0°C (32°F) to 40°C (104°F). Should the temperature exceed this range, unplug and/or switch off the device in order to let the temperature stabilize to an optimal level.

MAINTENANCE

The Razer USB 4 Dock requires minimum maintenance to keep it in optimum condition. Once a month, we recommend that you power off the device, disconnect it from the power adapter and computer, unplug all connected devices, and clean it using a soft cloth or cotton swab to prevent dirt buildup. Don't use soap or harsh cleaning agents.

LIMITED PRODUCT WARRANTY

For the latest and current terms of the Limited Product Warranty, please visit razer.com/warranty.

LIMITATION OF LIABILITY

Razer shall in no event be liable for any lost profits, loss of information or data, special, incidental, indirect, punitive or consequential or incidental damages, arising in any way out of distribution of, sale of, resale of, use of, or inability to use the Product. In no event shall Razer's liability exceed the retail purchase price of the Product.

GENERAL

These terms shall be governed by and construed under the laws of the jurisdiction in which the Product was purchased. If any term herein is held to be invalid or unenforceable, then such term (in so far as it is invalid or unenforceable) shall be given no effect and deemed to be excluded without invalidating any of the remaining terms. Razer reserves the right to amend any term at any time without notice.
