RC4WD V8 Small Block Engine Bay

Chevrolet Blazer and K10

Instruction Manual Symbols Key

CA Glue

Drill Hole

Cut with Scissors

Trim with Hobby Knife

Paint

Body Reamer

Attention

Recommended Tools

(Foam safe CA, Shoe Goo, E6000, Styrene Glue, Epoxy)

Hex Drivers (1.5mm, 2mm)

Side Cutters

Hobby Knife

Tips for Assembly

- Use good quality hex drivers to avoid stripping screw heads.
- Use "Step" index for quantity and size of hardware to be used for assembly.
- Do not overtighten screws.

Recommendations for building your Dress up Kit for Engine Bay.

1. Carefully remove all pieces from parts trees with a hobby knife or side cutters. Take care to trim the injection point from the parts.
2. Test fit everything before gluing. Many areas will require extra attention to detail to ensure proper alignment.

Warranty

RC4WD non-electrical products are warranted to be free of defects in materials and workmanship when new. Our limited warranty does not cover damages due to normal wear and tear, user error of assembly or installation, user modifications, user's failure to perform routine maintenance, addition of aftermarket parts or option parts. This warranty lasts 30 days after arrival for original purchaser. In the event of a defect under this warranty, RC4WD will, at our discretion, replace the product, provided our inspection indicates that an original defect exists. RC4WD reserves the right to replace any product which is no longer available with a product of comparable value and function. If RC4WD determines the repair is not covered under warranty guidelines, we will contact you to discuss your options. If you have any questions, please contact us via email at support@rc4wd.com. RC4WD warranties its electronics for 30 days from date of arrival. This covers all electrical items except items that are already noted on the individual product page.
