REDRAGON Horus TKL Mechanical Gaming Keyboard

Dear user

Thank you for you choosing Brand, to protect your rights and for better customer service, we ask that you note our warranty rules.

1. Within the guaranty period, the repair is guaranteed for failure due to electrical circuit problems. Man-made damages, such as disassembly, hard impacts, submersion into the water, plugging into improper current or voltage, and damage caused by natural disasters such as fire, flood, or earthquakes are not included.
2. Consumable parts (such as foot stick) and spare parts replacement are not included in our warranty.
3. Please fill out the warranty card. The warranty card is valid with the stamp of the retailer.
4. This warranty card will not be reissued if lost. Please keep it in a safe place.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help
- This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
