## ENJOY REMOTE CONTROL

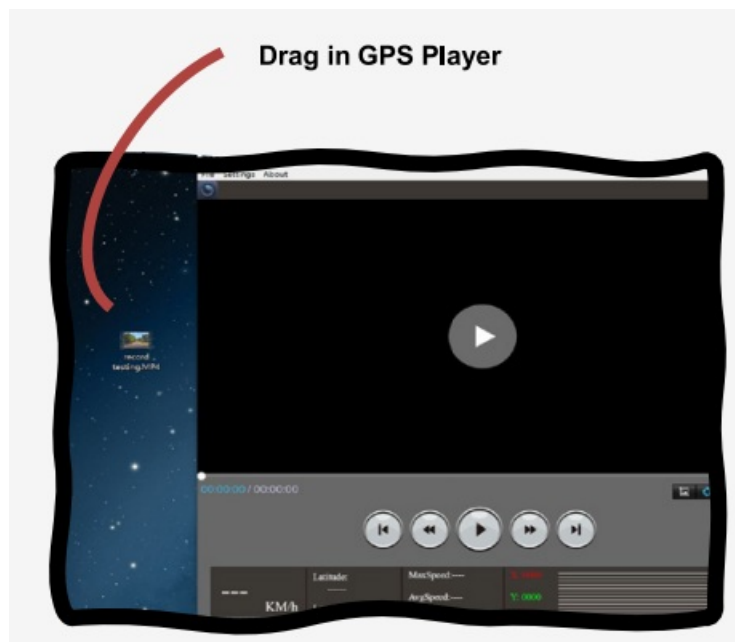

> 😊 Enjoyed Most of Functions on Your phone

## GPS Player ( PC )

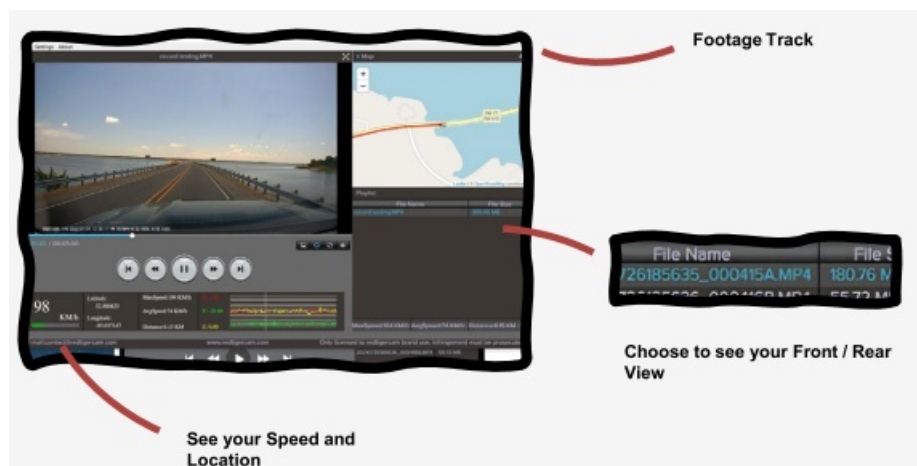

DOWNLOAD GPS PLAYER

Download our GPS Player from website: <https://www.redtigercam.com/pages/gps-player>

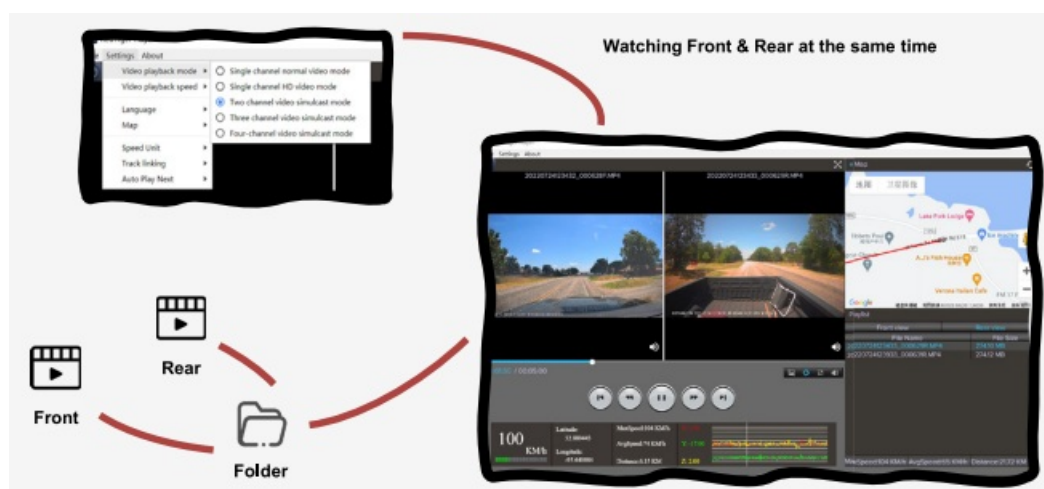

## USE YOUR GPS PLAYER

## USE YOUR GPS PLAYER

## Mount your camera

## HOW TO MOUNT YOUR CAMERA

Teleport to F7N & Rear cam Mounting:

> <https://youtu.be/d51YN7Zry0>

## Maintenance

### MAINTEN YOUR CAMEAR

Do not directly plug and unplug the cable or SD card, please perform related operations after camera off.

We do not encourage you connection your camera with other hardwire kit, but if you insist to do this, please have a look of those lower than 6V and higher than 2.5A.

Do not expose to the sun for a long time is the best, camera will heat on during its working, any damaged by high temperature will be added to 1 year free replacement warranty.

## Trouble Shooting

### WIFI CONNECTION GOES WRONGG

Connection Prepare

- > Mobile data/ VPN is off
- > 16 ft less close to your F7N
- > Only allowed 1 device connection

#### Connection Notice

- > WiFi password: 12345678
- > Connect only this time

## WIFI CONNECTION GOES WRONG

### Connection Prepare

- > Mobile data/ VPN is off
- > 16 ft less close to your F7N
- > Only allowed 1 device connection Connection Notice
- > WiFi password: 12345678
- > Connect only this time

## OTHER PROBLEM

Won't enter Parking Mode

- > Hardwire kit needed
- > "ACC disconnected" pop up, then enter Parking

### Mode automatically

- > Blue light on + Red light flash Camera always on after Car turned down
- > Wrong connection of Red wire and Yellow wire
- > Please connect red wire with ignition fuse

### Mass Storage

- > Use USB cable with Data transfer function, please use USB cable without transfer function Won't enter Parking Mode
- > Hardwire kit needed
- > "ACC disconnected" pop up, then enter Parking

### Mode automatically

- > Blue light on + Red light flash Camera always on after Car turned down
- > Wrong connection of Red wire and Yellow wire
- > Please connect red wire with ignition fuse

### Mass Storage

- > Use USB cable with Data transfer function, please use USB cable without transfer function

## OTHER PROBLEM

### Screen Resolution

- > 4K = 2160P = 3840.2160
- > 2.SK = 1440P = 2560\*1440 Over Heat
- > Camera could working -4 "F - 1 SO" F

## RECEIVED DEAD CAMERA ?

Use USB cable to connect your camera with computer and check if the screen turn on

- > If not, please unplug sd card and use a pin and press the Reset button at the bottom of camera
- > Reconnect your camera and press 6

## ULTIMATE SOLUTION

Use different charging ways to see if the camera work.

- > Use a pin or needle to press the reset button on the bottom of dashcam.
- > Unplug every connection of camera.
- > Plug micro USB charger to see if the camera working. If not, please use your personal USB charge and check again.
- > Check your SD card is U3 Class10, if not, please change or leave message to us to get it.
- > Plug SD card and see if the camera working, if not, please download the latest firmware to solve it.

Please download our latest firmware to upgrade your machine: [https://www.redtigercam.com/pages/firmware-](https://www.redtigercam.com/pages/firmware-1)

**1** The upgrade steps are:

- > Download the firmware to the computer.
- > Copy the firmware called "FWQ?OA" to the root directory of the SD card.

> Insert the SD card into the machine, then insert the power cord and short press the power button (do not turn off the power during this process)

> During the upgrade process, the blue light is always on and the red light is flashing. After the upgrade is completed, the machine will automatically turn on. i.e. done. You can refer to this video to upgrade:

<https://youtu.be/IMz1g3O9SPE>.

If the method above didn't solve your problem, feel free to contact us and please leave current address which is needed if the camera needs to be replaced later.

► This solution could be dealing with multiple problems > Won't turn on > Restart itself > SD card error > Can't auto recover > Can't playback

## Customer Service

### WORDS FROM HEART

Since our products are related to the safety of customers, we are committed to product quality and high-quality after-sales, we want to achieve the best product quality. In view of no product is flawless, we sincerely believe the true measure of the company's character is what it does \*after\* its product does not meet expectations, we feel sorry for those customers, but deeply grateful for them to make us one more step close to your most trustful auto-mobile after-market brand.
