**Remote Tech RT-13D0 Smart Key**

## Product Information

### Specifications

- FCC ID: 2AOKM-MZ10
- IC: 24223-MZ10
- Model: RT-13D0
- Part Numbers: RT-GJY902, RT-KDY301, RT-GJY901, RT-KDY302, RT-TK5202, RT-GJY902

## Product Usage Instructions

### LOCK Button

Pressing the LOCK button locks all the doors. When pressed once, exterior lights flash, doors and fuel fill door lock, and the security system sets. Pressing it twice within five seconds after the first push will make exterior lights flash, the beeper sound, and verify the security system is set.

### UNLOCK Button

Pressing the UNLOCK button unlocks the driver's door. Pressing it again within 5 seconds unlocks the other doors. Press once to have exterior lights flash twice and unlock the driver's door and fuel fill door. Pressing it twice will make exterior lights flash twice and unlock all remaining doors.

### TRUNK Button

Press the trunk release button for approximately one second to unlock and open the trunk.

### Hatch Button

Press the Hatch release button for approximately one second to unlock and open the Hatch.

### PANIC Button

Pressing the PANIC button triggers the vehicle's alarm system with horn and hazard lamp. Press any button on the electronic key to stop the alarm.

### FCC Compliance Statement

This device complies with part 15 of the FCC Rules. It must not cause harmful interference and must accept any interference received. Unauthorized changes or modifications could void the user's authority to operate the

equipment.

### **IC Warning**

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science, and Economic Development Canada's license-exempt RSS(s). It must not cause interference.
