FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IC WARNING
This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device

FAQ

- **Q: How do I replace the battery in the electronic key?**
    - **A:** To replace the battery, locate the battery compartment on the back of the key, open it using a small tool, replace the old battery with a new one (ensure correct polarity), and close the compartment securely.
- **Q: What should I do if the remote transmitter is not working?**
    - **A:** If the remote transmitter is not working, check the battery level in the electronic key. Replace the battery if necessary. If the issue persists, contact customer support for further assistance.
