What's in the Box

			
Camera	Waterproof Lid	Pack of Screws	1M Ethernet Cable
			
Mounting Template	Operational Instruction	Surveillance Sticker	

NOTE:

* Quantity of accessories varies with the camera model you purchase.

Camera Introduction

PoE Camera

③ Spotlights ② Lens ① Built in Mic ④ Daylight Sensor	⑤ Waterproof Lid ⑥ Network Cable ⑦ Power Port
---	---

⑤ microSD Card Slot

*Loosen the screws with a screwdriver (not included) to access the microSD card slot

⑥ Reset Button

* Press and hold the reset button for 5s with a pin to restore factory settings.

⑦ Speaker

Connection Diagram

Before initial setup, follow the steps below to connect your camera.

1. Connect the camera to a LAN port on your router with an Ethernet cable.
2. Use the power adapter to power on the camera.

NOTE: You can power the camera with a PoE switch, PoE injector, Reolink PoE NVR or a DC 12V power adapter(not included in the package).

Set up the Camera

Download and launch the Reolink App or Client software, and follow the onscreen instructions to finish initial setup.

- On Smartphone

Scan to download the Reolink App.

<https://reolink.com/wp-json/reo-v2/app/download>

- On PC

Download path of the Reolink Client: Go to Support > App & Client.

NOTE:

- If you are connecting the PoE camera to a Reolink PoE NVR, please set up the camera via the NVR interface.

Mount the Camera Installation Tips

- Do not face the camera towards any light sources.
- Do not remove the protective film from the dome cover until the installation is complete.

- Do not point the camera towards a glass window. Or, it may result in poor image quality because of the window glare by infrared LEDs, ambient lights or status lights.
- Do not place the camera in a shaded area and point it towards a welllit area. Or, it may result in poor image quality. To ensure the best image quality, the lighting condition for both the camera and the capture object shall be the same.
- To ensure better image quality, it's recommended to clean the dome cover with a soft cloth from time to time.
- Make sure the power ports are not directly exposed to water or moisture and not blocked by dirt or other elements.
- With IP waterproof ratings, the camera can work properly under conditions like rain and snow. However, it doesn't mean the camera can work underwater.

Install the Camera

Drill holes in accordance with the mounting hole template.

NOTE: Use the drywall anchors included in the package if needed.

Screw the dome cover off the camera base with the hex key.

NOTE: Keep the protective film on the dome cover until the installation is complete.

Screw the camera base to the ceiling.

Adjust the camera's viewing angle as needed.

Attach the dome cover to the camera base by tightening the screws.

NOTE: Remove the protective film from the dome cover after the installation.

Troubleshooting

Camera is not Powering on

If your camera is not powering on, please try the following solutions:

- Make sure your camera is powered on properly. The PoE camera should be powered by a PoE switch/injector, a Reolink NVR or a 12V power adapter.
- If the camera is connected to a PoE device as listed above, connect it to another PoE port and check again.
- Try again with another Ethernet cable.

Picture is not Clear

If the picture from the camera is not clear, please try the following solutions:

- Check the camera dome cover for dirt, dust or spiderwebs, and clean the dome cover

with a soft, clean cloth. The dust-absorber included in the package is recommended.

- Point the camera to a well-lit area, the lighting condition will affect the picture quality a lot.
- Upgrade the firmware of your camera to the latest version.
- Restore the camera to factory settings and check out again.

Specification

Operating Temperature: -10°C~+45°C
