RLA-CM1 Reolink Chime

Product Using Instructions

- Plug the chime into the socket and power it on.
- Long-press the setting button on the side of the chime until it beeps twice and the light turns blue.
- Open the Reolink App, navigate to the doorbell settings, select Chime, click the + icon, and choose the Chime to pair.
- Press the doorbell's button and wait for the chime to light up and emit a sound to confirm pairing.
- Continuously press and hold the volume button while powering on the chime.
- The chime has been successfully reset when you hear 10 slower beeps followed by 4 faster beeps.
Device Overview

Status LED

**Setting Button**

Audio Button

Volume Button

Note: Reolink Chime is compatible with Reolink doorbells only.

Set up the Chime

- **Step 1:** Plug the chime into the socket and power it on.
- **Step 2:** Long-press the setting button on the side of the chime, then the chime will beep twice, and the light will illuminate blue.

- **Step 3:** Open the Reolink App, navigate to the settings page of the doorbell, and select Chime. Then, click the "+" icon in the top right corner and choose the Chime you want to pair.
- **Note:** One doorbell can be paired with multiple chimes. If your doorbell needs to be paired with multiple chimes (up to 5), please repeat the pairing process for the additional chimes.
- One chime can only be paired with one doorbell.
- **Step4:** Once pairing is complete, press the doorbell's button and wait for the chime to light up and emit a sound.
How to Use the Chime

Set the Audio

- Press the audio button to change the chime audio.

Set the Volume

Press the volume button to set the volume of the chime. Volume Levels: mute, low, moderate, loud, very loud.
- When the volume is set to "low" or "very loud", you will hear two beeps.
- When the volume is set to "mute", the chime will only flash.

Reset the Chime

1. Power off the chime.
2. Continuously press and hold the volume button while powering on the chime.

Once you hear 10 slower beeps followed by 4 faster beeps, the chime has been successfully reset.

Specification

General

- Operating Temperature: -20°C to 55°C (-4°F to 131°F)
- Operating Humidity: 20%-85%

FCC Statement

Notification of Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: this device may not cause harmful interference, and this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, according to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used under the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC RF Exposure Warning Statements

- This equipment complies with FCC radiation exposure limits set forth for an

uncontrolled environment.

- This equipment shall be installed and operated with a minimum distance of 20cm between the radiator & body.

Simplified EU Declaration of Conformity

- Reolink declares that the WiFi camera complies with the essential requirements and other relevant provisions of Directive 2014/53/EU, and the PoE camera complies with Directive 2014/30/EU.
