rf Solutions QUANTAFOB Remote Control System

Product Specifications

- **Product Name:** HORNETPRO Remote Control
- **Brand:** RF Solutions Limited
- **Model:** QUANTAFOB Remote Control System
- **Compliance:** Simplified Declaration of Conformity (RED)
- **Frequency:** 433.92MHz

OVERVIEW

Safety Information

- Carefully read the following safety information before proceeding with installation, operation, or maintenance of RF Solutions product. Failure to follow these warnings could result in death or serious injury.
- This radio system must not be used in areas where there is a risk of explosion.
- Only qualified personnel should be permitted to access the transmitter and operate the equipment.
- Always follow operating information as well as all applicable safety procedures and requirements.
- You must satisfy the age requirements in your country for operating the equipment.
- Store in a safe place.
- Keep a clear view of the work area at all time before using, check it is safe to do so
Installation

1. Identify the appropriate model based on the part number.
2. Ensure the battery is installed correctly if required.
3. Place the remote control in a location with minimal interference.
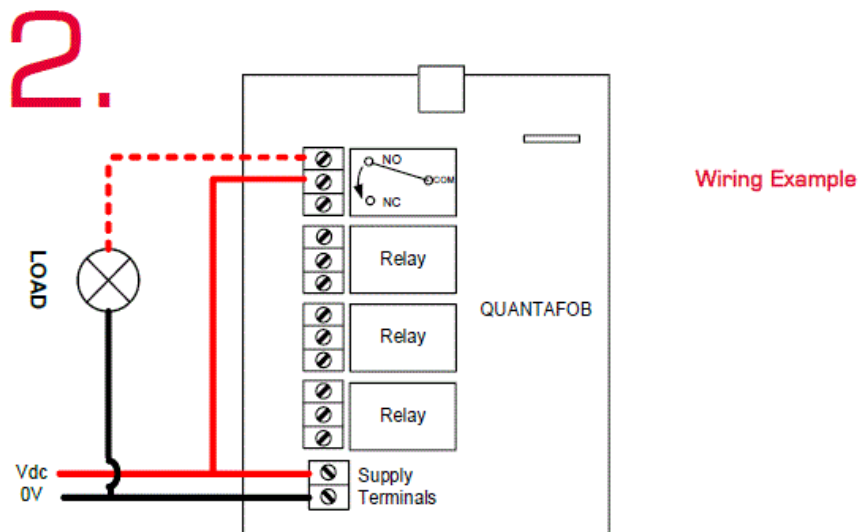

Erase all Pairings

Battery Precautions

- Risk of explosion if battery is replaced with a battery of an incorrect type.
- Do not short-circuit, disassemble, deform or heat batteries.
- Never attempt to charge a visibly damaged or frozen battery.
- Do not use or charge the battery if it appears to be leaking, deformed or dam- aged in any way.
- Immediately discontinue use of the battery if, while using, charging, or storing the battery, the battery emits an unusual smell, feels hot, changes color, changes shape, or appears abnormal in any other way.
- Keep batteries out of reach of small children. Should a child swallow a battery,consult a physician immediately.

Pairing Additional Transmitters

Maximum 30 Pairings

MAINTENANCE

Before maintenance intervention on any remote controlled equipment

- Do not open the receiver enclosure unless you are qualified.
- Disconnect all electrical power from the equipment.
- Check the enclosure and cable for damage regularly, do not use if there is evidence of damage
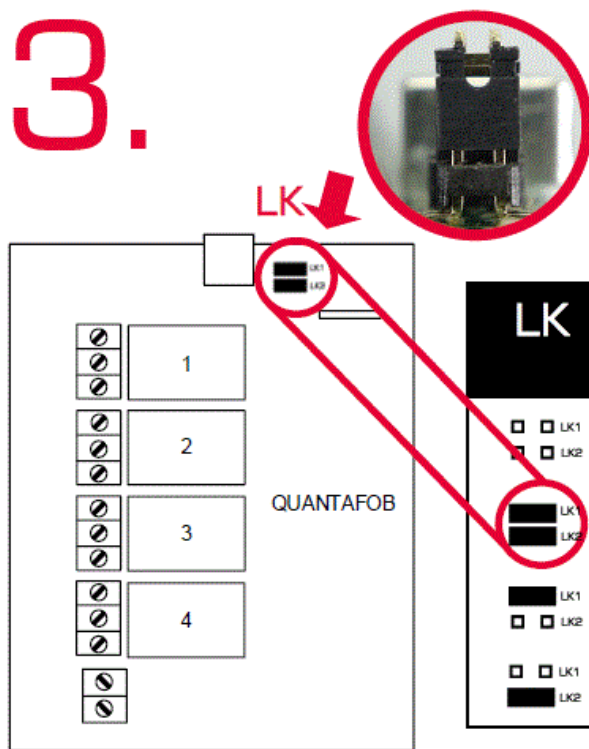

Programming

1. Refer to the specific programming instructions for your device.
2. Follow the steps to sync the remote control with the target device.

Wiring Example

3.

LK	RL1	RL2	RL3	RL4
LK1 / LK2	1/2 SEC MOMENTARY	1/2 SEC MOMENTARY	1/2 SEC MOMENTARY	1/2 SEC MOMENTARY
	LATCHING	LATCHING	LATCHING	LATCHING
LK1 / LK2	MOMENTARY	MOMENTARY	MOMENTARY	MOMENTARY
LK1 / LK2	FLIPFLOP		FLIPFLOP	

Operation

1. Press the designated buttons on the remote control to operate the connected device.
2. Ensure proper line of sight between the remote and the receiver for optimal performance.

Simplified Declaration of Conformity (RED)

Hereby, RF Solutions Limited declares that the radio equipment type defined within this document is in compliance with Directive 2014/53/EU. The full text of the EU declaration

of conformity is available at the following internet address: www.rfsolutions.co.uk

Whilst the information in this document is believed to be correct at the time of issue, RF Solutions Ltd does not accept any liability whatsoever for its accuracy, adequacy or completeness. No express or implied warranty or representation is given relating to the information contained in this document. RF Solutions Ltd reserves the right to make changes and improvements to the product(s) described herein without notice. Buyers and other users should determine for themselves the suitability of any such information or products for their own particular requirements or specification(s). RF Solutions Ltd shall not be liable for any loss or damage caused as a result of user's own determination of how to deploy or use RF Solutions Ltd's products. Use of RF Solutions Ltd products or components in life support and/or safety applications is not authorised except with express written approval. No licenses are created, implicitly or otherwise, under any of RF Solutions Ltd's intellectual property rights. Liability for loss or damage resulting or caused by reliance on the information contained herein or from the use of the product (including liability resulting from negligence or where RF Solutions Ltd was aware of the possibility of such loss or damage arising) is excluded. This will not operate to limit or restrict RF Solutions Ltd's liability for death or personal injury resulting from its negligence.

Frequently Asked Questions

How do I change the battery in the remote control?

To change the battery, locate the battery compartment, remove the old battery, and replace it with a new one following the correct polarity.

What should I do if the remote control is not working?

Check the battery level, reprogram the remote if necessary, and ensure there are no obstructions blocking the signal between the remote and the device.

Can I use this remote control with multiple devices?

Depending on the model, some remote controls can be programmed to work with multiple compatible devices. Refer to the user manual for specific instructions.
