RGBlink mini-pro v3 Streaming Switcher

Specifications

- Product Name: mini-pro v3 Streaming Switcher
- Resolution: 4K resolution and downward compatible with all resolutions
- Power Input: USB-C Power Socket PD protocol, 12V/1.5A
- Audio: One passive MIC input and one audio output
- Inputs: Four HDMI input channels
- Connectivity: Ethernet Port for internet access

Product Overview

The mini-pro v3 Streaming Switcher is a versatile device that allows you to switch between different HDMI input sources, control PTZ cameras, stream live content, and more.

Key Features

- Touch screen interface for easy operation
- PTZ camera control capabilities
- Live streaming functionality
- Multi-view output options
- Record audio & video from Program output

Front Panel

The front panel of the mini-pro v3 includes various buttons and controls for easy operation:

- **Preset Menu:** Adjust Program volume.
- **Toggle PIP Mode:** Proportionally adjust size of sub-picture.
- **PTZ Control:** Zoom in and zoom out.

Interface Panel

The interface panel of the mini-pro v3 features various input and output options:

- **HDMI Inputs:** Four HDMI input channels for connecting HDMI sources.
- **USB-C Power Socket:** Power input using PD protocol, 12V/1.5A.

Product Usage Instructions

Installing mini-pro

1. **Connecting HDMI Input:** Connect PC, laptop, camera, or DVD to mini-pro's HDMI IN port via HDMI cable.
2. **Connecting HDMI Output:** Use HDMI cables to connect MULTI-VIEW and PROGRAM output ports to a monitor with an HDMI input port to check Preview and Program views in real time.

Using mini-pro

To effectively use the mini-pro v3 Streaming Switcher, follow these steps:

1. **Power On:** Toggle the power switch to turn on the device.
2. **Select Inputs:** Use the front panel buttons to select the desired HDMI input sources.
3. **Control PTZ Camera:** Use the controls on the front panel to adjust pan, tilt, and zoom for PTZ cameras.

FAQ

- **Q: How do I adjust the volume on the mini-pro v3?**

A: You can adjust the Program volume using the Preset Menu on the front panel of the device.

- **Q: Can I connect a mobile phone to the mini-pro v3 for audio input?**

A: Yes, you can connect a mobile phone to the Line In port for audio input.

mini-pro v3

Streaming Switcher

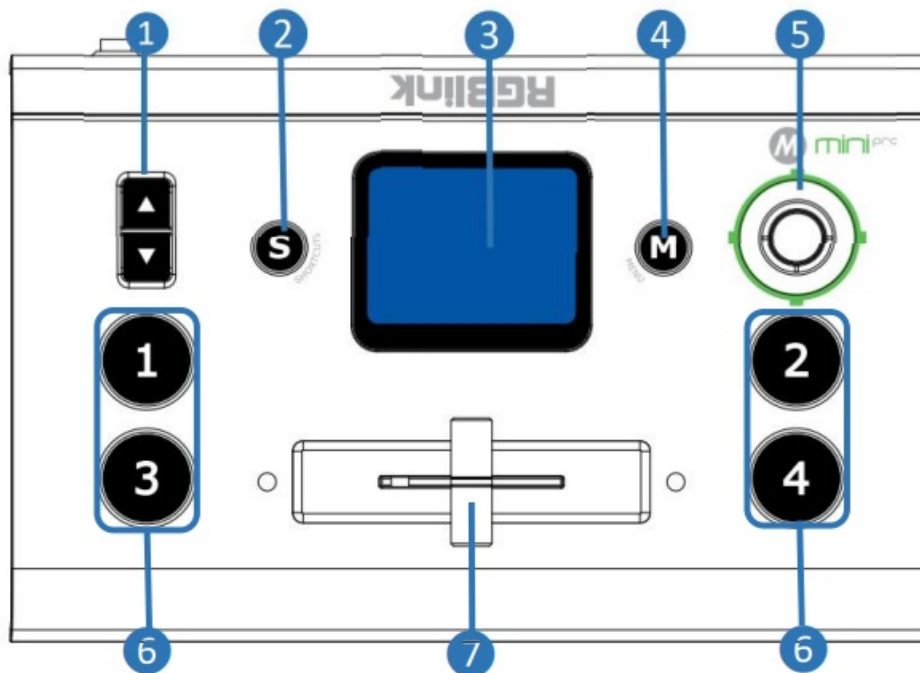

Product Overview
